Wolves for the Blue Soldiers Jan 27 2020 In the decades following the Civil War, the principal task facing the United States Army was that of subduing the hostile western Indians and removing them from the path of white settlement. Indian scouts and auxiliaries played a central role in the effort, participating in virtually every campaign. In this comprehensive account of the "wolves" (as scouts were designated in sign language), Thomas W. Dunlay describes how and why they served the army, how they were viewed by the military and their own tribes, and what wider implications their service held.

Kee-To, Iron Hand Jan 07 2021 Kee-To, Iron Hand is the one Sioux leader white soldiers have never been able to corner or capture. His daring raids and uncanny ability to avoid being behind bars have made him a priority for the cavalry officers to find and jail. But Kee-To has the blood of fighting ancestors and their mystical whispers to him to keep him free. He would rather die than let the horse soldiers pen up his people behind fences under guard. That climatic battle finally came in the Sioux's mass exodus to reach Canada and safety. Can he prevail one last time?

Congressional Record Jun 19 2019 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

The Afghan Deception Jul 13 2021 Colonel Martin Daniels and the 4th United States Cavalry are unwittingly thrust into the world of international politics and intrigue when in the spring of 1879 the Czar of Russia plots to undermine British rule over Afghanistan. He sends a renegade Russian general to wreak chaos through an elaborate deception involving murder and treason. His motive is the final acquisition of Afghanistan and India—without exposing the Russian government or involving the Russian army. Daniels is selected to command the 4th United States Cavalry Regiment, and take it to India for a joint training exercise. At the same time Colonel Stephen Simms is chosen to command the 19th Royal Lancer Regiment currently deployed in Peshawar, India. Two career officers from different countries, whose paths would have never crossed under ordinary circumstances, have formed a strong friendship and bond.

Sex, Skulls, and Citizens Aug 02 2020 PROSE Awards Subject Category Finalist—Biological Anthropology, Ancient History, and Archaeology, 2021 Best Nineteenth-Century Book Award, Latin American Studies Association Nineteenth-Century Section, 2021? Analyzing a wide variety of late-nineteenth-century sources, *Sex, Skulls, and Citizens* argues that Argentine scientific projects of the era were not just racial encounters, but were also conditioned by sexual relationships in all their messy, physical reality. The writers studied here (an eclectic group of scientists, anthropologists, and novelists, including Estanislao Zeballos, Lucio and Eduarda Mansilla, Ramón Lista, and Florence Dixie) reflect on Indigenous sexual practices, analyze the advisability and effects of interracial sex, and use the language of desire to narrate encounters with Indigenous peoples as they try to scientifically pinpoint Argentina's racial identity and future potential. Kerr's reach extends into history of science, literary studies, and history of anthropology, illuminating a scholarly time and place in which the lines betwixt were much blurrier, if they existed at all.

Fifty Years on the Old Frontier Aug 26 2022 Of all that has been written of the cowboy and the life of the cattle range, very little has been written by the principal actors themselves. The same is equally true of the famous government scouts, mail riders and other adventurous figures, who were men of deeds rather than words. Not many possessed, like David Crockett and W. F. Cody, the power to dramatize themselves. James H. Cook, the author of *Fifty Years on the Old Frontier*, first published in 1923, was, however, a genuine cowboy, and he was able to recount in a most readable way his adventures over half a century. During the Seventies and part of the Eighties he rode the ranges in Texas and New Mexico. A vivid account is to be found in the first part of the book of the life of

the cattlemen in the Southwest, including such details as rounding up entirely wild cattle and horses, and the conveying of droves of animals hundreds of miles through extremely rough, Indian-infested territory. Those who desire thrills can find them here. The author served as government scout in the campaign against Geronimo in 1885, and later, in the North, saw much of the unfortunate troubles with the Sioux and the Cheyennes, whom he showed to have been shamefully misused by the Bureau of Indian Affairs. Much space is given to the Sioux chief, Red Cloud, of whom Cook was a champion and faithful friend. Not the least entertaining parts of the book are the narratives of hunts after big game in the Rockies, during the years when Cook was one of the foremost guides and hunters of the regions bordering the one transcontinental railway. An invaluable addition to any Old West collection!

Wealth of the World's Waste Places, and Oceania Jun 12 2021 Although the term "Waste Places" carries an implied meaning of "worthless," yet, interpreted in the light of Nature's methods, each region described, useless as it may apparently seem, possesses a definite relation to the rest of the world, and therefore to the well-being of man. The Sahara is the track of the winds whose moisture fertilizes the flood-plains of the Nile. The Himalaya Mountains condense the rain that gives life to India. From the inhospitable polar regions come the winds and currents that temper the heat of the tropics.

Sundown Comes Twice May 23 2022 Judd Miller and his brother work to start a small ranch outside the town of Red Bluffs. But other interests in their valuable property lead to the powerful mayor of the town, working with other crooked officials, to fleece the brothers of their deeded ground, culminating in the killing of Judd's brother, Randall. Unknown to Judd, the transcontinental railroad is coming through, with an interest in buying his property to shorten their route through the mountains. Judd flees attempts to kill him, turning instead to a gunfighter to avenge Randall's death, while exposing the men who conspired against him. Can a young widow and a reformed preacher be enough to battle and beat the odds?

Fifty Years on the Old Frontier as Cowboy, Hunter, Guide, Scout, and Ranchman Oct 16 2021 The keen-eyed, cool-headed, and fearless men (Kit Carson, Jim Bridger, Buffalo Bill Cody, Big Foot Wallace, and Captain Jim Cook, among others) who were pivotal personalities for more than half a century in the almost ceaseless task of clearing the way for and guarding the lives and properties of explorers, emigrants, and settlers in the West, are an extinct type of pioneer. Accounts of the heroic deeds of this handful of men, however, remain today as indelible records that dramatize the melting away of this country's vast frontiers.

Legend of Link Bonner Mar 21 2022 Link Bonner never wanted to gain a reputation as a fast hand with a six-gun and the will to use it. But sometimes circumstances drive the lives of men even beyond their own desires. Bonner was such a man, always in the middle of trouble he was not looking for. It took a woman to change Bonner and losing her made life and death of little consequence to him. But the man he was also changed the West for the better. Without his kind, many more innocent people would have died. To the end he fought for what he thought right, down to the last bullet.

Will Keen, Indian Scout Oct 28 2022 Will Keen is a western man living his life in two different worlds - one white, one Piauete Indian. He dresses in white man's clothes and adopts many of his habits and mannerisms. Only high cheekbones and dark eyes that miss nothing give a hint of the Indian blood coursing through his veins. Will knows the western wilderness like no other because he was raised in it, and guides wagon trains westwards into Oregon Territory, braving savage lands and equally savage men - of all races - who prey on innocent wagon families. After a decade of guiding long lines of canvas-topped Conestoga wagons west, Will has no idea that his future will take a different turn when one person in a wagon train forces him to decide who he is and how will live from that point forward.
