Snuff Sep 27 2022 "Pratchett . . . has a satirist's instinct for the absurd and a cartoonist's eye for the telling detail." —Daily Telegraph (London) "The purely funniest English writer since Wodehouse." —Washington Post Book World Sam Vimes, watch commander of Ankh-Morpork, is at long last taking a much-needed (and well deserved) vacation. But, of course, this is Discworld®, where nothing goes as planned—and before Vimes can even change his cardboard-soled boots for vacationer's slippers, the gruff watch commander soon finds himself enmeshed in a fresh fiasco fraught with magic, cunning, daring, and (for the reader more than for poor Vimes) endless hilarity. Did he really expect time off? As Vimes himself says in *Feet of Clay*, "there's some magical creature called 'overtime,' only no one's even seen its footprints." Following the New York Times bestselling *Unseen Academicals*, Terry Pratchett delivers an enthralling new tale from a place of insuperable adventure: Discworld. My Vietnam War Mar 21 2022 Writers have been writing about war since the siege of Troy, but few, if any, have captured the first-person experience of war as deeply as *My Vietnam War*. Set in 1967 (the deadliest year of the Vietnam War), this memoir-style novel depicts the psychological journey of a young man whose carefree days of studying philosophy at the university are ended by the draft. The story follows him from his initial rear-echelon assignment in Saigon, where he falls for a mysterious storytelling bar girl, to his eventual posting at an isolated front-line firebase in one of the deepest parts of the Vietnam jungle. While recovering from a leg wound (he is hit by a piece of bone from a fellow soldier who stepped on a booby trap mine), he becomes the assistant medic and sees the horrors of war close up. The experience begins his steady spiral down into PTSD. After he is seriously wounded, he ends up back in Saigon where, after an old friend from Arizona gets him involved in the underground drug trade, the mysterious bar girl may be his only hope for salvation. It

is a powerful story, well-written, with vivid detail that you will never forget.

But I'm Not Depressed Mar 09 2021 Brain injury plunged Lia into a world of distortion and chaos, where her own thoughts and senses could no longer be trusted. Searching for medical help, she found doubt and manipulation instead. *But I'm Not Depressed* is a bleak but ultimately hopeful tale, and a slap in the face to the culture of psychobabble.

Back to Venice Jul 25 2022 Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and acquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Carnataurus - The Horned Predator Jan 19 2022 Table of Contents Introduction Chapter 1: Appearance Chapter 2: Behavior Chapter 3: Where and When Conclusion Author Bio Bonus Dinosaur Content Introduction to Dinosaurs Facts about Dinosaurs Dinosaur Extinction Dinosaur Fossils Dinosaur Eggs Dinosaur Names Dinosaur Diet Feathered Dinosaurs Plant Eating Dinosaurs The Weirdest Dinosaurs The Deadliest Dinosaurs Flying Dinosaurs Kinds of Dinosaurs The Biggest Dinosaurs The Smallest Dinosaurs Author Bio Publisher Introduction We are going to go on a journey back to the age of the dinosaurs to check out one of the strangest dinosaurs to ever have existed. That dinosaur is the Carnotaurus. The Carnotaurus is called a Carnotaur for short. The Carnotaurus was a strange creature because of the peculiar horns which grew from the top of its head and because of the many distinct characteristics it possesses that other similar dinosaurs did not have. For instance the Carnotaur was a lightly built predator whereas the t-rex was a large, bulking and heavy set predator even though both predators have tiny arms and walked on two legs. We are going to check out the reasons why the Carnotaur had the horns it had and we are going to check out all of its other nifty characteristics. It should be noted though that to appreciate dinosaurs properly, it takes more than just fossils and facts. One really has to have genuine wonder and interest in what the dinosaurs were- and this takes a bit of imagination. One really needs to understand that the dinosaurs were amazing creatures which came in all shapes and sizes and which really probably never exist again. That means we have to make images in our mind about how the dinosaurs looked, how they acted, and even how they smelled and what they sounded like. When you really imagine what the dinosaurs were you start to experience wonder and awe about just how mysterious and cool nature and earth really are. Now let's take a step back in time and walk with the dinosaurs!

Calliope Dec 06 2020 Calliope is a literary novel. In its simplest form, it is the story of a man longing to become the young, idealistic person he once was when the world seemed completely open to promise. It is the desire to re-experience life with all the naiveté and hope of romantic youth. In its allegorical form, the story explores such themes as purpose, morality, social convention, materialism and happiness. When the protagonist meets an orange-haired girl, his life is forever altered. Her name is Calliope, and what occurs throughout the rest of the novel is a wild, episodic fugue. The flight becomes a frenetic interlacing through wilderness and civilization, this being an allusion to Jean-Jacques Rousseau's Discourse on Inequality. The wilderness comes to represent a path back to the primal self, while civilization is more dubious representing both the potential for corruption, as well as the great heights of artistic and rational endeavors. Yet while on the journey, the protagonist is forced to look at life anew in part due to the somewhat unscrupulous efforts of Calliope. Morality is examined through the eyes of Calliope, who is by all intensive purposes Greek, which means pre-Christian. Her moral code is not affected by the guilt of Christianity. Her nakedness throughout the novel in part symbolizes a complete lack of shame. As for her beliefs, an understanding of Friedrich Nietzsche's perspectivism best represents her values. This allows the protagonist an opportunity to erase everything that he has learned. All custom, all forms of etiquette, religious belief, habit and convention must be forgotten in order to re-experience the world with the sense of wonderment he so eagerly longs for. With no ties to the world, he embarks upon an epic voyage of silliness and profound examination. Lured along by this electric, orange-haired muse, he becomes convinced that she is either bent upon his supreme salvation or utter damnation. What is so amazing about the entire journey is where they both end up—a location which seems to be the last place the protagonist was in complete control of his destiny. Therefore, a true chance to begin again is perhaps realized.
