Psychological Examining in the United States Army Jun 20 2019

United States Army Grade Insignia Since 1776 Oct 29 2022 Revised in 2011. Now includes combat and fatigue uniform grade insignia. A detailed examination, in color plates, of the insignia of grade worn by officers, enlisted personnel, military academy, ROTC and JROTC cadets since the creation of the United States Army in 1776. Included are the branch insignia of the army with their colors and explanations. Also included are the grade insignia of the Confederate States Army from 1861 to 1865 and the Republic of Texas Army from 1836 to 1845.

Why is a Colonel Called a "Kernal?" Dec 19 2021 "Short. Quick. Entertaining. A marvelously fun read!" Raymond Oliver, then the Curator for the McClellan Aviation Museum (now the Aerospace Museum of California), was once asked by a colonel why her title was pronounced "kernal" and where her eagle insignia originated? That simple question began a quest to trace the development of various categories of rank. What began as a paper, however, soon developed into a booklet, which eventually wound up as this book. Have you ever asked yourself questions like: Why is Colonel pronounced "kernal"? Why does a Lieutenant General outrank a Major General? Why is Navy Captain a higher rank than Army-Air Force-Marine Captain? Why do Sergeants wear chevrons? If you are in the military, this book will give you a deeper appreciation for your rank and insignia-and you might find yourself wearing it with even more pride. If you have not been in the service, or are a family member of one who is, this book might help to put an historical perspective on the often confusing layers of rank. Either way: military, ex-military, soon-to-be military, friend or family... it's a delight!

U. S. Army Guide to Boobytraps Dec 07 2020 Everything you ever wanted to know about Boobytraps! Initially published in 1965, this official US Army document gives you access to insider, military-grade information on the characteristics, use, detection, and removal of boobytraps. Guardians of the Republic Apr 11 2021 This is the definitive work on one of the least studied aspects of military history -- the non-commissioned officer. Since colonial America, NCOs have played pivotal roles in the administration, training, morale, and fighting effectiveness of the Army. The author traces the evolution of NCO duties; their rank and insignia; relationship to officers; their training (or non-training); and the professional development scheme initiated after the Vietnam experience which produced the finest non-commissioned officer corps in the world.

Encyclopedia of United States Army Insignia and Uniforms Mar 22 2022 army branches - infantry, artillery, cavalry, and engineers - as well as the service and support branches comprising doctors and nurses, chaplains, musicians, quartermasters, military police, and the many others who have made up the U.S. Army. An Account of the Organization of the Army of the United States Nov 18 2021

The Story of the Noncommissioned Officer Corps Jan 08 2021 The Story of the

Noncommissioned Officer Corps is an important one, a rich history that continues to evolve. In this updated and expanded edition with narrative essays, paintings, photographs, and selected documents relevant to the contributions and experiences of those who are in the words of Rudyard Kipling "the backbone of the Army," David W. Hogan Jr., Robert K. Wright Jr., and Arnold G. Fisch Jr., as well as ten other contributing historians, prove the American noncommissioned officer to be a timeless icon. For more than two hundred thirty years NCOs have served alongside officers as leaders in the U.S. Army, not only in the barracks and on the parade ground but, most importantly, in the face of the enemy. The Army's reliance on both the technical knowledge and small-unit leadership of the NCO Corps evolved over decades until more training and professionalism became the norm. What this book does best is explain the historical significance of the NCO's traditional roles as small-unit leaders, trainers, and guardians of Army standards, living the Army values and representing the strength and resolution of the American people. It is an inspiring volume, a tribute to the self-reliant NCOs now in the forefront of Army Transformation. CMH Pub. 70-38-1. David W. Hogan, Jr., et al, general editors. New edition which updates the 1989 version which culminated the Center of Military History's contribution to the Year of the NCO Corps since 1775. Has added chapters on Desert Storm, the Army during the 1990s, the Army in Afghanistan, and a new Epilogue to carry the story forward. Contains portraits of NCOs in action; and selected documents on responsibilities, professional status and specialist rank. Appendices include: evolution of NCO rank insignia, and a gallery of Noncommissioned Officer heroes. Other related products: The Noncommissioned Officer and Petty Officer: Backbone of the Armed Forces can be found here: <https://bookstore.gpo.gov/products/sku/008-029-00568-9>

Psychological Examining in the United States Army Aug 27 2022

A Civilian's Guide to the U.S. Military Sep 23 2019 Attention! Learn more about your military now! Does a corporal have to salute a lieutenant or is it the other way around? What are forward-deployed units? Is an "armored cow" a type of tank or something soldiers eat? Are Polaris missiles dropped from the air or launched from a submarine? If someone calls you a "Cat 4" should you be honored or offended? Do you feel lost when it comes to all things military? Sure, you hear things on the news and maybe you know someone who is in the military, but you probably have a hard time fully grasping the acronyms, equipment, and protocol they discuss. That's where A Civilian's Guide to the U.S. Military can help. Author Barbara Schading decodes all things military for you. She discusses each branch—Army, Navy, Marines, Air Force, and the Coast Guard—in simple terms you can understand. You'll get the background information, an easy-to-read chart showing rank and insignia, and an explanation of the organization of each branch. In addition, the book has extensive glossaries that cover terms, acronyms, slang, and equipment. You'll find an entire chapter that covers special operations forces like the Green Berets, Force Recons, Army Rangers, and more. You'll

learn about their specific training, missions, and history. The book also covers other important aspects of the military like: • flag and saluting etiquette • military funerals • the Tombs of the Unknown • the American Legion, USO, Veterans of Foreign Wars, and other groups • military law • military academies • medals and decorations • official military music • an explanation of the Geneva Convention • and a list of resources to help you find more information So the next time you read the paper or talk with a new recruit, you don't have to feel lost. Become a knowledgeable civilian with the help of *A Civilian's Guide to the U.S. Military*.

The Soldier's Guide Dec 27 2019 A comprehensive guide for the ultimate guardians of American freedom—the U.S. soldier. The Soldier's Guide applies to every soldier in the Army—active, reserve, and National Guard—in every rank and specialty. It condenses important information from a number of U.S. Army regulations, field manuals, and other publications into one crucial volume. This manual describes the soldier's role in the Army and the soldier's obligations. Other subject areas are Army history, training, and professional development. This manual also describes standards in appearance and conduct and selected individual combat tasks that are important for every soldier to master. Written to answer the many questions asked by soldiers of all ranks in the Army, it covers everything from the history and traditions of the American military to training and service benefits. Find out about such ideals as The Warrior Ethos that drive soldiers during a mission and the Army's values of loyalty, duty, respect, selfless service, honor, integrity, personal courage, and discipline. In addition, sections cover ethical reasoning, the basic principles of war, military courtesies, individual combat skills, and more. This guide will clarify and reinforce standards and help prepare any soldier to assume a leadership position. Skyhorse Publishing is proud to publish a range of books for readers interested in military tactics and skills. We publish content provided by or of interest to the U.S. Army, Army Rangers, the U.S. Navy, Navy SEALs, the U.S. Air Force, the U.S. Marine Corps, and the Department of Defense. Our books cover topics such as survival, emergency medicine, weapons, guns, weapons systems, hand-to-hand combat, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
