**The Lectionary Commentary: Theological Exegesis for Sunday's Texts, The First Readings:** Oct 08 2020 Preaching pastors, ministers, and priests know how quickly Sundays come and go. Protecting time for study and theological reflection is an art not easily mastered. The fast pace of church life collides with the need to ground sermons in careful exegesis and extensive dialogue with biblical texts. "The Lectionary Commentary" will not slow the pace of the weekly calendar, but it will help assure that sermon preparation begins with a solid engagement with Scripture. This superb three-volume work offers exegetical essays on the biblical texts from the Revised Common Lectionary, Years A, B, and C. All the Sundays of the three-year cycle are included, as well as the texts for Christmas Day, Epiphany, and Ascension Day. This volume, "The First Readings: Old Testament and Acts," provides exegetical commentary on the lectionary readings from Genesis to Malachi, and from the first seventeen chapters of Acts. Also unique to this volume is an excellent essay on "Preaching as Worship" by Hughes Oliphant Old. The authors of "The Lectionary Commentary" are an ecumenical mix of respected pastors, priests, ministers, and teachers for whom exegesis for preaching is a vocational and personal interest. Some are preachers who value exegesis; others are exegetes who value preaching. All value the Revised Common Lectionary as a guide for good preaching. Designed to answer the question "What does the preacher need to know about this text in order to preach a faithful sermon from it?," the essay in each chapter closely considers its specific biblical text and provides theological reflection, all the while remaining alert to the contemporary context in which the sermon will be spoken and heard. These are not books of sermons. They leave homiletical work to the preacher, who is called to contextualize the gospel from biblical texts. Rather, these essays are meant

to serve as exegetical "jump starts," giving preachers a firm place to stand in the text while at the same time stimulating the concerns they bring to sermon preparation. The result is an invaluable resource intended to aid in the difficult task of facilitating a meaningful encounter between Holy Scripture and our modern world. Consulting Editors: Richard A. Burrige Thomas W. Gillespie Colin E. Gunton Robert W. Jenson James F. Kay Hughes Oliphant Old Fleming Rutledge Marguerite Shuster

**Human Ethology** Apr 01 2020 With the discovery of conditioned reflexes by I. P. Pavlov, the possibilities for experimenting, following the example set by the classical, exact sciences, were made available to the behavioral sciences. Many psychologists hoped that the component parts of behavior had also been found from which the entire, multifaceted cosmos of behavior could then be constructed. An experimentally oriented psychology subsequently developed including the influential school of behaviorism. This first text on human ethology presents itself as a unified work, even though not every area could be treated with equal depth. For example, a branch of ethology has developed in the past

decade which places particular emphasis on ecology and population genetics. This field, known as sociobiology, has enriched discussion beyond the boundaries of behavioral biology through its stimulating, and often provocative, theses. After vigorous debates between behaviorists, anthropologists, and sociologists, we have entered a period of exchange of thoughts and a mutual approach, which in many instances has led to cooperative projects of researchers from different disciplines. This work offers a biological point of view for discussion and includes data from the author's cross-cultural work and research from the staff of his institute. It confirms, above all else, the astonishing unity of mankind and paints a basically positive picture of how we are moved by the same passions, jealousies, friendliness, and active curiosity. The need to understand ourselves has never been as great as it is today. An ideologically torn humanity struggles for its survival. Our species, does not know how it should compensate its workers, and it experiments with various economic systems, constitutions, and forms of government. It struggles for freedom and stumbles into newer conflicts. Population growth is apparently completely out of hand, and at the same time many resources are being depleted. We must consider our existence rati

**Beauty around the World: A Cultural Encyclopedia** Jun 15 2021 Taking the concept of beauty seriously, this encyclopedia examines how humanity has sought and continues to seek what is "beautiful" in a variety of cultural contexts, giving readers an understanding of how to look at beauty both intellectually and critically. • Provides an interdisciplinary approach to world beauty practices, from the earliest experiments in plastic surgery in 600 B.C. to contemporary practices • Gives readers a representative overview of beauty practices around the globe • Documents how from cosmetics to clothing, exercise to body modification, being beautiful is a goal worldwide • Identifies numerous authoritative sources of information for further research and reading

*To Assume a Pleasing Shape* Sep 30 2022 An exquisitely written, sexually charged debut short story collection by The New York Times Book Review fiction reviewer.

**Finding Satan** Mar 01 2020 From the author of *The Devil's Advocate* and *Deficiency*, a novel about the battle between good and evil and a Biblical revelation that changes the course of history. **ONLY THE GIFTED CAN SEE IT.** In upstate New York, Christopher Drew is leading a remarkable team of psychics in a groundbreaking union of science and psychokinesis. It's the ability to track manifestations of pure evil -- black clouds of doom that they have chased across an ever-darkening American landscape. As the storm clouds grow, so does Drew's fear that this gathering evil is powered by something far darker than human nature. And it knows it's being watched. **ONLY THEY KNOW THE END IS NEAR.** In the Arizona desert a theologian searches for proof of the divine. A mass of cultists prepares for the coming of the Antichrist. A spy is dispatched from the Vatican to unravel the truth of the psychics' visions. And as a startling Biblical revelation comes to light, as an apocalyptic battle between good and evil unfolds, Christopher Drew and his team must brave the fires of a hell on earth to carry out their manifest goal to the terrifying end...

**Deconstruction** May 15 2021 First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

*Between Jesus and the Market* Jan 23 2022 *Between Jesus and the Market* looks at the appeal of the Christian right-wing movement in contemporary American politics and culture. In her discussions of books and videotapes that are widely distributed by the Christian right but little known by mainstream Americans, Linda Kintz makes explicit the crucial need to understand the psychological makeup of born-again Christians as well as the sociopolitical dynamics involved in their cause. She focuses on the role of religious women in right-wing Christianity and asks, for example, why so many women are

attracted to what is often seen as an antiwoman philosophy. The result, a telling analysis of the complexity and appeal of the "emotions that matter" to many Americans, highlights how these emotions now determine public policy in ways that are increasingly dangerous for those outside familiarity's circle. With texts from such organizations as the Christian Coalition, the Heritage Foundation, and Concerned Women for America, and writings by Elizabeth Dole, Newt Gingrich, Pat Robertson, and Rush Limbaugh, Kintz traces the usefulness of this activism for the secular claim that conservative political economy is, in fact, simply an expression of the deepest and most admirable elements of human nature itself. The discussion of Limbaugh shows how he draws on the skepticism of contemporary culture to create a sense of absolute truth within his own media performance—its truth guaranteed by the market. Kintz also describes how conservative interpretations of the Holy Scriptures, the U.S. Constitution, and the Declaration of Independence have been used to challenge causes such as feminism, women's reproductive rights, and gay and lesbian rights. In addition to critiquing the intellectual and political left for underestimating the power of right-wing grassroots organizing, corporate interests, and postmodern media sophistication, *Between Jesus and the Market* discusses the proliferation of militia groups, Christian entrepreneurship, and the explosive growth and "selling" of the Promise Keepers.

considering breast-reduction surgery. A chatty Gulf War veteran is plagued by a sexual identity crisis. The characters in this debut short story collection search for meaning through the crucible of sex. Joseph Salvatore's top-notch literary writing coaxes readers into murky territories as characters spiral deeper into existential rabbit holes. Joseph Salvatore reviews fiction for The New York Times Book Review. He teaches at The New School where he founded their literary journal LIT. He lives in New York.

The Princess Curse Jul 25 2019 Merrie Haskell's middle-grade fantasy novel *Princess Curse* is an imaginative retelling of the fairy tales *The Twelve Dancing Princesses* and *Beauty and the Beast*. In the fifteenth-century kingdom of Sylvania, the prince offers a fabulous reward to anyone who cures the curse that forces the princesses to spend each night dancing to the point of exhaustion. Everyone who tries disappears or falls into an enchanted sleep. Thirteen-year-old Reveka, a smart, courageous herbalist's apprentice, decides to attempt to break the curse despite the danger. Unravelling the mystery behind the curse leads Reveka to the Underworld, and to save the princesses, Reveka will have to risk her soul. *Princess Curse* combines magic, suspense, humor, and adventure into a story perfect for fans of Gail Carson Levine.

*Art and Design for Children with Sen* Sep 18 2021 The purpose of this book is to offer professionals working with children with special educational needs (SEN) a compilation of tried and tested themed lessons, designed to excite and involve children in developing their creative art skills. Each lesson is carefully planned with step by step instructions to assist teaching and learning in small group settings. This resource equips professionals with an understanding of how to prepare and deliver a good art lesson that will enable the children to express their natural creativity and achieve pleasing results. Features include: Step by step, tried and tested lesson plans devised by an experienced and qualified

art teacher; Learning outcomes linked to the National Art Curriculum; Illustrated throughout with the children's own art work; Useful hints and visual teaching aids for introducing new techniques; Themed lessons to cover the year or to dip into as you choose; Progressive learning, to achieve confident art skills and knowledge. Maureen Glynn is a qualified art teacher and artist. She has taught art in UK primary, secondary and special schools for 19 years. Lately, she has been teaching art to 7-13 year old children, in small SEN groups, in mid-west Ireland.

The Shape of Fear Feb 21 2022 Martin Luther King's 1965 address from Montgomery, Alabama, the center of much racial conflict at the time and the location of the well-publicized bus boycott a decade earlier, is often considered by historians to be the culmination of the civil rights era in American history. In his momentous speech, King declared that segregation was "on its deathbed" and that the movement had already achieved significant milestones. Although the civil rights movement had won many battles in the struggle for racial equality by the mid-1960s, including legislation to guarantee black voting rights and to desegregate public accommodations, the fight to implement the new laws was just starting. In reality, King's speech in Montgomery represented a new beginning rather than a

conclusion to the movement, a fact that King acknowledged in the address. After the Dream: Black and White Southerners since 1965 begins where many histories of the civil rights movement end, with King's triumphant march from the iconic battleground of Selma to Montgomery. Timothy J. Minchin and John Salmond focus on events in the South following the passage of the 1964 Civil Rights Act and the 1965 Voting Rights Act. After the Dream examines the social, economic, and political implications of these laws in the decades following their passage, discussing the empowerment of black southerners, white resistance, accommodation and acceptance, and the nation's political will. The book also provides a fascinating history of the often-overlooked period of race relations during the presidential administrations of Ford, Carter, Reagan, and both George H. W. and George W. Bush. Ending with the election of President Barack Obama, this study will influence contemporary historiography on the civil rights movement.
