[Unbreakable](#) Aug 06 2020 In only his 3rd NHL season, Wayne Gretzky set the unbeatable NHL record - scoring 50 goals in just 39 games. A book for the devoted Gretzky fans, and books like 99 by Al Strachan. Unbreakable: 50 Goals in 39 Games, Wayne Gretzky and the Story of Hockey's Greatest Record sets out to chronicle that unforgettable streak of 39 games in the fall of 1981, when a 20-year-old wunderkind from the town of Brantford, Ontario, captured the imagination of not just the hockey world but the world at large and emerged as both the game's biggest star and it's most recognizable face. Published on the 35th anniversary of this remarkable feat, the story of this unforgettable season is chronicled by renowned hockey authors Mike Brophy and Todd Denault. Based on new interviews with Wayne Gretzky and with those who surrounded him during his magical run at hockey's greatest record, Unbreakable: 50 Goals in 39 Games, Wayne Gretzky and the Story of Hockey's Greatest Record will detail on a game-by-game basis Gretzky's stellar run towards hockey immortality, through extensive research and the reminiscences of those who were there, including teammates, and players from opposing teams.

Capturing the Commons Jun 27 2022 One of the most pressing concerns of environmentalists and policy makers is the overexploitation of natural resources. Efforts to regulate such resources are too often undermined by the people whose livelihoods depend on their use. One of the great challenges for wildlife managers in the twenty-first century is learning to create the conditions under which people will erect effective and workable rules to conserve those resources. James M. Acheson, author of the best-selling *Lobster Gangs of Maine* (the seminal work on the culture and economics of lobster fishing), here turns his attention to the management of the lobster industry. In this illuminating new book, he shows that resource degradation is not inevitable. Indeed, the Maine lobster fishery is one of the most successful fisheries in the world. Catches have been stable since World War II, and record highs have been achieved since the late 1980s. According to Acheson, these high catches are due, in part, to the institutions generated by the lobster-fishing industry to control fishing practices. These rules are effective. Rational choice theory frames Acheson's down-to-earth study. Rational choice theorists believe that the overexploitation of marine resources stems from their common-pool nature, which results in collective action problems. In fisheries, what is rational for the individual fishermen can lead to disaster for the society. The progressive Maine lobster industry, lobster fishermen, and local groups have solved a series of such problems by creating three different sets of regulations: informal territorial rules; rules to control the number of traps; and formal conservation legislation. In recent years, the industry has successfully influenced new regulations at the federal level and has developed a strong co-management system with the Maine government. The process of developing these rules has been quite acrimonious; factions of fishermen have disagreed over lobster rules designed to give commercial advantage to one group or another. Although fishermen and scientists have come to share a conservation ethic, they often disagree over how to best conserve the lobster and even the quality of science. The importance of *Capturing the Commons* is twofold: it provides a case study of the management of one highly successful fishery, which can serve as a management model for policy makers, politicians, and local communities; and it adds to the body of theory concerning the conditions under which people will and will not devise institutions to manage natural resources.

Faroe-Islander Saga Jun 03 2020 This new English translation of the Faroe-Islander Saga (Faereyinga saga)--a great medieval Icelandic saga--tells the story of the first settlers on these wind-swept islands at the edge of the Scandinavian world. Written by an anonymous 13th-century Icelander, the saga centers on the enduring animosity between Sigmundur Brestirsson and Thrandur of Gota, rival chieftains whose bitter disagreements on the introduction of Christianity to the Faroe Islands set the stage for much violence and a feud which then unfolds over generations of their descendants. Making the saga accessible to a wider English readership, the translation is accompanied by a brief introduction, explanatory notes, genealogical and chronological tables, detailed maps and an excerpt from Jomsvikings' Saga which informs missing passages from the Faroe-Islander Saga manuscripts.

Asian/Pacific Islander American Women Dec 10 2020 A groundbreaking anthology devoted to Asian/Pacific Islander American women and their experiences Asian/Pacific Islander American Women is the first collection devoted to the historical study of A/PI women's diverse experiences in America. Covering a broad terrain from pre-large scale Asian emigration and Hawaii in its pre-Western contact period to the continental United States, the Philippines, and Guam at the end of the twentieth century, the text views women as historical subjects actively negotiating complex hierarchies of power. The volume presents new findings about a range of groups, including recent immigrants to the U.S. and understudied communities. Comprised of original new work, it includes chapters on women who are Cambodian, Chamorro, Chinese, Filipino, Hmong, Japanese, Korean, Native Hawaiian, South Asian, and Vietnamese Americans. It addresses a wide range of women's experiences-as immigrants, military brides, refugees, American born, lesbians, workers, mothers, beauty contestants, and community activists. There are also pieces on historiography and methodology, and bibliographic and video documentary resources. This groundbreaking anthology is an important addition to the scholarship in Asian/Pacific American studies, ethnic studies, American studies, women's studies, and U.S. history, and is a valuable resource for scholars and students. Contributors include: Xiaolan Bao, Sucheng Chan, Catherine Ceniza Choy, Vivian Loyola Dames, Jennifer Gee, Madhulika S. Khandelwal, Lili M. Kim, Nancy In Kyung Kim, Erika Lee, Shirley Jennifer Lim, Valerie Matsumoto, Sucheta Mazumdar, Davianna Pomaika'i McGregor, Trinity A. Defending Country Sep 30 2022 The role of Aboriginal servicemen and women has only recently been brought to the forefront of conversation about Australia's war history. This important book makes a key contribution to recording the role played by Indigenous Australians in our recent military history. Written by two respected historians and based on a substantial number of interviews with Indigenous war veterans who have hitherto been without a voice, it combines the best of social and military history in one book. This will be the first book to focus on this previously neglected part of Australian social history.

Defending Country Jul 29 2022 Jessica Hart has never forgotten Matthew Landley. After all, he was her first love when she was fifteen years old. But he was also her school maths teacher, and their forbidden affair ended in scandal with his arrest and imprisonment. Now, seventeen years later, Matthew returns with a new identity, a long-term girlfriend and a young daughter, who know nothing of what happened before. Yet when he runs into Jessica, neither of them can ignore the emotional ties that bind them together. With so many secrets to keep hidden, how long can Jessica and Matthew avoid the dark mistakes of their past imploding in the present?

The Off-Islander May 03 2020 In Peter Colt's gritty, gripping new series set along the New England coast, a Boston-born Vietnam veteran and P.I. is hired to find a missing father--but may find far more than he bargained for . . . Boston, 1982. Private investigator Andy Roark has spent the past decade trying to rediscover his place in the world. In Vietnam, there was order and purpose. Everything--no matter how brutal--happened for a reason. Back home, after brief stints in college and with the police force, Roark has settled for a steady, easy routine of divorce and insurance fraud cases. Roark's childhood friend, Danny Sullivan, dragged himself out of blue-collar Southie to become a respected and powerful lawyer. Now he wants Roark to help one of his clients with a sensitive request. Deborah Swift, wealthy wife of an aspiring California politician, is trying to trace her father, last seen on Cape Cod, who walked out on her and her mother long ago. Other investigators have turned up nothing, but Roark's local connections might give him an edge. The case takes Roark to the island of Nantucket, tranquil in its off-season, and laden with picturesque charm. Yet even here, on the quaint cobblestoned streets and pristine beaches, Roark's finely honed senses alert him to danger just below the surface. Nothing is quite as it seems. And the biggest case of Roark's career may just shatter what little peace of mind he has left . . .

In Defence of Country Feb 21 2022 Aboriginal and Torres Strait Islander people have been protecting country since time immemorial. One way they have continued these traditions in recent times is through service in the Australian military, both overseas and within Australia. In Defence of Country presents a selection of life stories of Aboriginal and Torres Strait Islander ex-servicemen and women who served in the Australian Army, Navy and Air Force after World War Two. In their own words, participants discuss a range of issues including why they joined up; racial discrimination; the Stolen Generations; leadership; discipline; family; war and peace; education and skills development; community advocacy; and their hopes for the future of Indigenous Australia. Individually and collectively, the life stories in this book highlight the many contributions that Aboriginal and Torres Strait Islander servicemen and women have made, and continue to make, in defence of country.

Defending The Island Jan 29 2020 In a brilliantly imaginative blend of military, social and diplomatic history, Norman Longmate retells our island story from the perspective of its defenders, in a narrative which stretches from the Celtic tribes who unsuccessfully fought against Caesar to the great seaborne defence against the Armada of Philip of Spain. He has gone back to the original sources and investigated the original battlegrounds and weak spots in Britain's defences. But the real strength of his book is its seamless narrative of history, which uncovers the truth behind the legends. A mass of solidly researched fact, not readily found elsewhere, is seasoned with lively, humorous and occasionally gruesome anecdote. The result, providing at once an invaluable sourcebook for the specialist and an enthralling narrative for the general reader, is by far the most comprehensive and accessible history of England versus invasion ever published.

Falkland Islanders at War May 27 2022 Falkland Islanders were the first British people to come under enemy occupation since the Channel Islanders during the Second World War. This book tells how islanders' warnings were ignored in London, how their slim defenses gave way to a massive invasion, and how they survived occupation. While some established a cautiously pragmatic modus vivendi with the occupiers, some Islanders opted for active resistance, using banned radios to transmit intelligence and confuse the Argentines. Others joined advancing British troops, transporting ammunition and leading men to the battlefields. They often came under Argentine fire. Islanders' leaders and 'trouble makers' faced internal exile, and whole settlements were imprisoned, becoming virtual hostages. Those who remained in besieged Stanley found themselves in the same dangerous situation as their enemy, enduring British naval shelling, artillery attacks and bombing raids.

Scotty Dec 22 2021 NATIONAL BESTSELLER A hockey life like no other. A hockey book like no other. Scotty Bowman is recognized as the best coach in hockey history, and one of the greatest coaches in all of sports. He won more games and more Stanley Cups than anyone else. Remarkably, despite all the changes in hockey, he coached at the very top for more than four decades, his first Cup win and his last an astonishing thirty-nine years apart. Yet perhaps most uniquely, different from anyone else who has ever lived or ever will again, he has experienced the best of hockey continuously since he was fourteen years old. With his precious standing room pass to the Montreal Forum, he saw "Rocket" Richard play at his peak every Saturday night. He saw Gordie Howe as a seventeen-year-old just starting out. He scouted Bobby Orr as a thirteen-year-old in Parry Sound, Ontario. He coached Guy Lafleur and Mario Lemieux. He coached against Wayne Gretzky. For the past decade, as an advisor for the Chicago Blackhawks, he has watched Sidney Crosby, Alex Ovechkin, and Connor McDavid. He has seen it all up close. Ken Dryden was a Hall-of-Fame goaltender with the Montreal Canadiens. His critically acclaimed and bestselling books have shaped the way we read and think about hockey. Now the player and coach who won five Stanley Cups together team up once again. In Scotty, Dryden has given his coach a new test: Tell us about all these players and teams you've seen, but imagine yourself as their coach. Tell us about their weaknesses, not just their strengths. Tell us how you would coach them and coach against them. And then choose the top eight teams of all time, match them up against one another in a playoff series, and, separating the near-great from the great, tell us who would win. And why. This book is about a life—a hockey life, a Canadian life, a life of achievement. It is Scotty Bowman in his natural element, behind the bench one more time.

Blown to Hell Nov 20 2021 Pulitzer Prize-winning journalist Walter Pincus exposes the darkest secret in American nuclear history—sixty-seven nuclear tests in the Marshall Islands that decimated a people and their land. The most important place in American nuclear history are the Marshall Islands—an idyllic Pacific paradise that served as the staging ground for over sixty US nuclear tests. It was here, from 1946 to 1958, that America perfected the weapon that preserved the peace of the post-war years. It was here—with the 1954 Castle Bravo test over Bikini Atoll—that America executed its largest nuclear detonation, a thousand times more powerful than Hiroshima. And it was here that a native people became unwilling test subjects in the first large scale study of nuclear radiation fallout when the ashes rained down on powerless villagers, contaminating the land they loved and forever changing a way of life. In Blown to Hell, Pulitzer Prize-winning journalist Walter Pincus tells for the first time the tragic story of the Marshallese people caught in the crosshairs of American nuclear testing. From John Anjain, a local magistrate of Rongelap Atoll who loses more than most; to the radiation-exposed crew of the Japanese fishing boat the Lucky Dragon; to Dr. Robert Conard, a Navy physician who realized the dangers facing the islanders and attempted to help them; to the Washington power brokers trying to keep the unthinkable fallout from public view . . . Blown to Hell tells the human story of America's nuclear testing program. Displaced from the only homes they had known, the native tribes that inhabited the serene Pacific atolls for millennia before they became ground zero for America's first thermonuclear detonations returned to homes despoiled by radiation—if they were lucky enough to return at all. Others were ripped from their ancestral lands and shuttled to new islands with little regard for how the new environment supported their way of life and little acknowledgement of all they left behind. But not even the disruptive relocations allowed the islanders to escape the fallout.

The Canary Islanders in Texas Oct 08 2020 Immigrants from the archipelago of the Spanish Canary Islands off the coast of Western Africa played a vital role in San Antonio's early history. Canary Islanders in Texas tells the story of the fifty-five Canary Islanders who arrived in South Texas in 1731 and founded the original municipality of San Fernando de Béxar (renamed San Antonio in the nineteenth century after Texas's independence from Mexico). Through the reflections and records of María Curbelo, the last surviving member of the original settlers, readers learn of the many challenges these early settlers faced, including the assignment of land grants, distribution of riverine water, and protesting perceived monopolies of labor for the construction of homes and other structures by Franciscan missionaries. For over a century Canary Islanders and their descendants controlled municipal policy in San Antonio, Their influence began to decline beginning in 1845, however, with the annexation of Texas and the introduction of United States governance. More than five thousand isleños live in San Antonio today, many of them descendants of the original settlers. Their influence can be seen in the city's history, culture, music, and philanthropy. Their legacy is celebrated through numerous cultural groups and organizations.

A History of the Pacific Islands Jan 11 2021 This wide-ranging study of the Pacific Islands provides a dynamic and provocative account of the peopling of the Pacific, and its broad impact on world history. Spanning over 50,000 years of human presence in an area which comprises one-third of our planet – Melanesia, Micronesia and Polynesia – the narrative follows the development of the region, from New Guinea's earliest settlement to the creation of the modern Pacific states. Thoroughly revised and updated in light of the most recent scholarship, the second edition includes: • an overview of the events and developments in the Pacific Islands over the last decade • coverage of the latest archaeological discoveries • several new maps • an updated and expanded bibliography Steven Roger Fischer's unique text provides a highly accessible and invaluable introduction to the history of an area which is currently emerging as pivotal in international affairs. A History of the Pacific Islands traces the human history of nearly one-third of the globe over a fifty-thousand year span. This is history on a grand scale, taking the islands of Melanesia, Micronesia and Polynesia from prehistoric culture to the present day through a skilful interpretation of scholarship in the field. Fischer's familiarity with work in archaeology and anthropology as well as in history enriches the text, making this a book with wide appeal for students and general readers.

El Filibusterismo Aug 18 2021 An incendiary novel that brings to light the long-drawn-out indignities suffered by ordinary Filipinos at the hands of the Spanish friars and statesmen in 19th century Philippines. Thirteen years after the events of Noli Me Tangere, the idealistic intellectual Crisostomo Ibarra resurrects as the cruel and fabulously wealthy jeweler, Simoun. He sows the seeds—and the guns—for the armed uprising against the Spanish through his influence on the Governor General and his social clout in Manila's upper echelons. His nefarious plans bring together several young idealistic university students—among them

Basilio, whose mother Ibarra helped bury thirteen years before, and Isagani, the poet and passionate debater. In the battle for the soul and independence of the Philippine nation, which will prevail once and for all—peaceful reforms or armed struggle? In this second novel, Jose Rizal continues to wrestle with the need for reforms for the betterment of his countrymen. This yields some dark and difficult answers that brought about not only his execution, but also the first nationalist revolution in Asia.

Birth of a Dynasty Jun 23 2019 The National Hockey League saw the birth of a new dynasty in 1980. The New York Islanders had been an expansion franchise in 1972 in the New York City suburbs of Long Island. For years they played in the long shadow of the big-city New York Rangers and were considered the league's laughingstock during their first season. Miraculously, eight years later, they were champions. Despite their mercurial rise in the 1970s—which included a first-place overall finish in the 1978-79 season—the Islanders were still considered chokers because of playoff failures. The most frustrating failure of all came at the hands of the rival Rangers, who beat them in 1979 to advance to the Stanley Cup Finals. A year later they stumbled through an injury-plagued and inconsistent regular season. When the playoffs arrived again, however, they were ready. Bolstered by the late-season addition of speedy center Butch Goring and the bitterness of the previous year's defeat, the Islanders overcame their past failures and put together an exhausting and dramatic run to their first-ever appearance in the Stanley Cup Finals. In the Finals they met the still-dominant Philadelphia Flyers, two-time champions in the 1970s. The ensuing battle demonstrated not only the promise with which the Islanders had always teased their fans, but also the maddening struggles that seemed to hold them back every year. That is, until Game Six, when Bob Nystrom, an everyman's everyman, scored the clinching goal at 7:11 of overtime to make history in both the NHL and on Long Island. It is a moment that still lives in the hearts of Islanders fans and in the annals of Long Island, as a region and a community. It is a moment that spawned a run of four consecutive championships, the longest by any United States-based professional team and a run that has since gone unmatched. Newly revised, *Birth of a Dynasty: The 1980 New York Islanders* is the story of how it happened, how it came together, and what it felt like to be there.

The Girl from the Channel Islands May 15 2021 AN INSTANT NEW YORK TIMES BESTSELLER! A GLOBE AND MAIL BESTSELLER “Unforgettable” —Kelly Rimmer, New York Times bestselling author Inspired by true events, the riveting story of a young Jewish woman trapped on the occupied island of Jersey during World War II. Summer 1940: Hedy Bercu fled Vienna two years ago. Now she watches the skies over Jersey for German planes, convinced that an invasion is imminent. When it finally comes, there is no counterattack from Allied forces—the Channel Islands are simply not worth defending. Most islanders and occupying forces settle into an uneasy coexistence, but for Hedy, the situation is perilously different. For Hedy is Jewish—a fact that could mean deportation, or worse. With no means of escape, Hedy hides in plain sight, working as a translator for the Germans while silently working against them. She forges a tentative friendship with a sympathetic German officer who is likewise trapped by circumstance. But as the war intensifies, Hedy knows she is in greater danger each day. Soon, her survival will depend not just on her own courage but on the community she has come to cherish and a man who should be her enemy. Vividly recreating little-known events, this is an unforgettable tale of resilience and bravery, and of the extraordinary power found in quiet acts of heroism and love. “Riveting” —Karen Robards, New York Times bestselling author “Harrowing” —Noelle Salazar, bestselling author “Cinematic” —Ellen Keith, author of *The Dutch Wife* “Captivating” —Glynis Peters, author of *The Secret Orphan*
