Building the American Republic, Volume 1 Oct 21 2019 "Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation's struggles and accomplishments new and compelling. Weaving together stories of abroad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing

massive economic growth, rapid demographic change, and combustive politics.

Radicals in America May 20 2022 Radicals in America offers the first complete and continuous history of left-wing social movements in the United States from the Second World War to the present. The book traces the full panoply of radical activist causes, demonstrating how successive generations join currents of dissent, face setbacks and political repression, and generate new challenges to the status quo.

American Indians in U.S. History Sep 24 2022 This concise survey, tracing the experiences of American Indians from their origins to the present, has proven its value to

both students and general readers in the decade since its first publication. Now the second edition, drawing on the most recent research, adds information about Indian social, economic, and cultural issues in the twenty-first century. Useful features include new, brief biographies of important Native figures, an overall chronology, and updated suggested readings for each period of the past four hundred years. The author traces tribal experiences through four eras: Indian America prior to the European invasions; the colonial period; the emergence of the United States as the dominant power in North America and its subsequent invasion of Indian lands; and the years from 1900 to the present. Nichols uses both Euro-American sources and tribal stories to illuminate the problems Indian people and their leaders have dealt with in every generation.

Global Americans: A History of the United States, Volume 1 Dec 23 2019

A Short History of the United States Jan 04 2021 Robert V. Remini's *A Short History of the United States* is an abbreviated, accessible, lively, and erudite narrative history that contains the essential facts about the discovery, settlement, growth, and development of the American nation and its institutions. Racing across the centuries—from the arrival and migration of Native Americans and the discovery of the New World by Europeans, the American Revolution, the Civil War, the Great Depression, up to the global conflicts of the twentieth and twenty-first centuries—it is a fascinating overview of a great nation's epochs and missteps, and a celebration of its achievements, its unique and enduring strengths, and its abiding commitment to individual freedoms.

Fairness and Freedom Aug 11 2021 Explores why the political similarities between New Zealand and the United States—including democratic politics, mixed-enterprise economies, a deep concern for human rights and the rule of law and more—have taken on different forms.

The American Yawp Feb 17 2022 "I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own

students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

America's Second War of Independence Apr 26 2020 During the War of 1812, or the "second war of independence," the United States, which consisted of eighteen loosely joined states, took on Great Britain, the greatest naval power in the world, in a conflict that would have a lasting impact on the nation's future. The causes of the war, which have been debated for more than two centuries, include the British attempts to restrict U.S. trade, the Royal Navy's impressment of American seamen, and the United States' desire to expand her territory. Over the course of the war, the U.S. suffered many costly defeats at the

hands of British, Canadian, and Native American forces, including the burning of the nation's capital, Washington, D.C. Nonetheless, American troops managed to thwart British invasions in Baltimore, New York, and New Orleans, boosting national confidence and fostering a new spirit of patriotism as a result. Though the War of 1812 resulted in no exchange of territory between nations, there was no longer any doubt that the United States was now a nation to be reckoned with on the world stage. Read about this tumultuous period in American history by purchasing the book "America's Second War of Independence." 30-Minute Book Series Welcome to the 29th book in the 30-Minute Book Series. Books in this series are fast-paced, accurate, and cover the story in as much detail as a short book possibly can. Most people complete each book in less than an hour, which makes the books in the series a perfect companion for your lunch hour or a little down time. About the Author Doug West is a retired engineer and an experienced non-fiction writer with several books to his credit. His writing interests are general, with special expertise in history, science, biographies, and "How To" topics. Doug has a Ph.D. in General Engineering from Oklahoma State University.

Major Problems in the Early Republic, 1787-1848 Dec 03 2020 Designed to encourage critical thinking about history, the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U.S. history. This text serves as the primary anthology, even the textbook, for the course, covering the subject's entire chronological span. With nearly 50% new documents, the Second Edition places greater emphasis on diplomacy and foreign affairs, popular culture, religion, and the history of national and group identities. Documents in each chapter identify key issues and capture the passionate spirit and conviction of the historical actors. The essay selections highlight classic and current scholarship on the social and cultural history of the early republic.

A History of the U.S. Jun 28 2020 Covers American history from the arrival of the first explorers into Native American lands through the post-Cold War eras and the War on Terror.

American Passages Oct 13 2021 AMERICAN

PASSAGES, SECOND EDITION examines U.S. history the way people live--in the flow of time. Rather than pursuing one topic (such as politics, culture, society, reform, the military, or economics) at a time, each chapter of the text interweaves important themes and issues into one interrelated narrative. Through this method of presentation, students can observe the many ways that events, movements, and groups of people have served to shape history and can learn to make connections between these themes and issues. References to the book's fully integrated Web site and to AMERICAN JOURNEY ONLINE DATABASE--a cross-referenced, hyperlinked library of primary sources that are organized by topic--allow students to experience history from the vantage of those who lived it. AMERICAN PASSAGES: A HISTORY OF THE UNITED STATES, SECOND EDITION is available in the following split options: American Passages, Comprehensive, Second Edition (Chapters 1-32) ISBN: 0534607411; American Passages, Volume I: To 1877, Second Edition (Chapters 1-16) ISBN: 053460742X; American Passages, Volume II: Since 1863, Second Edition (Chapters 15-32) ISBN: 0534607438.

These Truths: A History of the United States Dec 15 2021 New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American

politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

The Second American Revolution Jun 16 2019 Much of the confusion about a central event in United States history begins with the name: the Civil War. In reality, the Civil War was not merely civil--meaning national--and not merely a war, but instead an international conflict of ideas as well as armies. Its implications transformed the U.S. Constitution and reshaped a world order, as political and economic systems grounded in slavery and empire clashed with the democratic process of republican forms of government. And it spilled over national boundaries, tying the United States together with Cuba, Spain, Mexico, Britain, and France in a struggle over the future of slavery and of republics. Here Gregory P. Downs argues that we can see the Civil War anew by understanding it as a revolution. More than a fight to preserve the Union and end slavery, the conflict refashioned a nation, in part by remaking its Constitution. More than a struggle of brother against brother, it entailed remaking an Atlantic world that centered in

surprising ways on Cuba and Spain. Downs introduces a range of actors not often considered as central to the conflict but clearly engaged in broader questions and acts they regarded as revolutionary. This expansive canvas allows Downs to describe a broad and world-shaking war with implications far greater than often recognized.

Speaking of America Jun 21 2022 Designed to expose students to a variety of sources on United States history from the colonial era to the present day. The collection includes speeches, letters, paintings, artifacts, poems, short stories, photographs, lyrics, book excerpts, articles, and news accounts encompassing multicultural and regional perspectives. The selected readings address important episodes in politics, economics, and foreign policy, as well as social and cultural changes, and come from both famous and "ordinary" Americans.

A Different Mirror Apr 19 2022 Takaki traces the economic and political history of Indians, African Americans, Mexicans, Japanese, Chinese, Irish, and Jewish people in America, with considerable attention given to instances and consequences of racism. The narrative is laced with short quotations, cameos of personal experiences, and excerpts from folk music and literature. Well-known occurrences, such as the Triangle Shirtwaist Factory Fire, the Trail of Tears, the Harlem Renaissance, and the Japanese internment are included. Students may be surprised by some of the revelations, but will recognize a constant thread of rampant racism. The author concludes with a summary of today's changing economic climate and offers Rodney King's challenge to all of us to try to get along. Readers will find this overview to be an accessible, cogent jumping-off place for American history and political science plus a guide to the myriad other sources identified in the notes.

ASAP U.S. History: A Quick-Review Study Guide for the AP Exam Mar 06 2021 "A quick-review study guide for the AP exam"--Cover.

Reference Handbook of American History by the Library Method, for Secondary Schools Aug 31 2020

Religion in American Life Feb 05 2021 The new edition of Religion in American Life, written by three of the country's most eminent historians of religion, offers a superb overview that spans four centuries, illuminating the rich spiritual heritage central to nearly every event in our nation's history.

Political Moderation in America's First Two Centuries Sep 19 2019 Political Moderation in America's First Two Centuries corrects the popular misconception that moderates are timid and cautious. Robert M. Calhoon examines the structure of political moderation; he characterizes moderation as a compound of principle and prudence; he defines it as humility in the face of the past; and he classifies it as historically grounded political ethics. From its origins in the Peloponnesian War and its early modern recovery during the French Wars of Religion, this book recounts the popularization of political moderation in American history from John Locke in the 1680s to the Mugwumps in the 1880s. The first comprehensive history of this subject, this book draws on more than a hundred books published over the past half-century and extensive research on religion and politics in America to demonstrate that moderates were creatures of circumstance - made, not born.

Problems in US History Sep 12 2021 In presenting students with diverse issues and interests, the selections in Problems in U.S. History help readers think critically about the social, political, and cultural issues that have shaped America. The readings provide students exposure to the unique perspectives of various historians and the challenges of an evolving country. The anthology explores the place of food in historic events, a history of the Puritans, Native Americans and historical consciousness in the 19th century, industrial capitalism, changes in the labor force in recent times, and more. Each reading is framed by an introduction, which places it in context and prepares students for effective reading, and post-reading questions that encourage students to explore and analyze ideas and information. The second edition features new readings on American Reconstruction and the 19th century roots of the Stone-Campbell Movement. Problems in U.S. History helps students understand that history is more than a sequence

of events, composed of the challenges people experience, the values they hold, and the changes in culture that occur with the evolution of a specific place. It is an ideal textbook for foundational courses in U.S. history.

Learn about the United States Apr 07 2021 "Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

A People's History of the United States Nov 02 2020 A classic since its original landmark publication in 1980, Howard Zinn's *A People's History of the United States* is the first scholarly work to tell America's story from the bottom up—from the point of view of, and in the words of, America's women, factory workers, African Americans, Native Americans, working poor, and immigrant labourers. From Columbus to the Revolution to slavery and the Civil War—from World War II to the election of George W. Bush and the "War on Terror"—*A People's History of the United States* is an important and necessary contribution to a complete and balanced understanding of American history.

Features of this plan-to-ace-the-exam product include: * 2-months study calendar and 1-month study calendar * Diagnostic exam that helps test-takers pinpoint strengths and weaknesses * Subject reviews that include test tips and chapter-end quizzes * Full-length model practice

exam with answers and explanations
American History, Volume 2 Nov 14 2021 American History volume 2 gives a wide overview of America's history from the end of the Civil War era, to the political and cultural struggles of contemporary times. Thomas S. Kidd employs lessons learned from his own scholarly expertise and history classes to weave together a compelling narrative of the defeats and triumphs that have defined the American national experience. Unlike many textbooks of modern American history, religion and faith remain central aspects of the book's coverage, through present-day America. It gives detailed treatment of episodes such as America's military conflicts, the Civil Rights movement, and the culture wars of the past half-century. Professor Kidd also considers the development of America's obsession with entertainment, from the rise of the first movies, to the social media age. American History volume 2 will help students wrestle with the political and cultural changes that have dramatically transformed contemporary American life

U.S. History Aug 23 2022 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Major Problems in American Immigration History Jan 24 2020 This second edition builds on the first, while making significant changes that reflect new trends in the study of American immigration history. The field was first centrally defined in the mid-twentieth century by the study of immigrants from Europe. Asians and Latinos were not considered "immigrants"—People who settled permanently in the United States. They

were considered "birds of passage"--people who did not experience the same social processes of incorporation and assimilation as did Europeans. As immigration from Asia and Latin America to the United States surged in the last third of the twentieth century, scholars began to pay more attention to their experiences, both historical and contemporary. A much more diverse and inclusive portrait of the American immigration experience has emerged.

Encyclopedia of American History Jul 22 2022

The seventh edition of the *Encyclopedia of American History* updates this indispensable and classic reference book to cover the history of the United States from pre-Columbian times through the first year of the Clinton Administration.

Unequaled in the amount of information contained within a single volume, and designed to be read as a narrative, the *Encyclopedia* chronicles all the essential facts of American history, from government and politics to science, thought and culture. The *Encyclopedia* is divided onto four parts: Part 1: "THE BASIC

CHRONOLOGY" presents the main political and military events in the history of the United States, beginning with the era of discovery. It has been updated to reflect newly discovered facts and modern perspectives on domestic and foreign affairs. Part 2: "THE TOPICAL CHRONOLOGY" records the nonpolitical aspects of American life and has been extensively revised to include a newly titled section "Land, Natural Resources, Energy and the Environment," as well as updated sections dealing with the American economy. A few of the topics covered in this section are the fine arts, religion, medicine, education, television and radio, immigration, population, United States expansion and Supreme Court decisions. Part 3: "NOTABLE AMERICAN BIOGRAPHIES" contains profiles of 450 influential Americans from all walks of life and their outstanding achievements. Part 4: "THE STRUCTURE OF FEDERAL GOVERNMENT" includes tables of U.S Presidents and their cabinets, party strength in Congress from 1789, and Supreme Court justices, as well as the complete texts of the Declaration of Independence and the Constitution of the United States. Jeffrey B. Morris, is professor of law at the Jacob D. Fuchsberg Law Center of Touro College.

Associate editor for the last two revised editions of the *Encyclopedia of American History*, Morris is the author of over a dozen books, including *Federal Justice in the Second Circuit* and *To Administer Justice on Behalf of All the People: The United States District Court for the Eastern District of New York, 1965-1990*. He has been professor of political science at City College of the City University of New York and the University of Pennsylvania and visiting professor of law at the Brooklyn Law School. From 1976 to 1981 Morris served as the chief research associate to Chief Justice Warren E. Burger in Burger's role as head of the federal court system. Richard B. Morris, (1904-1989) was Gouverneur Morris Professor of History at Columbia University and past president of the American Historical Association. Morris wrote more than 40 books spanning legal, labor, diplomatic, political and social history, including *The Peacemakers: The Great Powers and American Independence*, *The Forging of the Union 1781-1789*, *Witnesses at the Creation*, *Government and Labor in Early America* and *Studies in The History of American Law*. He lectured throughout the world, serving as Fulbright Research Professor at the Sorbonne and Distinguished Professor at the John F. Kennedy Institute of the Free University of Berlin.

Longman History of the United States of America Mar 26 2020 Traces American history from precolonial times to the Vietnam War, and discusses important issues, movements, and leaders

Making America: A History of the United States, Volume 1: To 1877, Brief Jul 30 2020 MAKING AMERICA: A HISTORY OF THE UNITED STATES, BRIEF FIFTH EDITION, presents history as a dynamic process shaped by human expectations, difficult choices, and often the surprising consequences. With this focus on history as a process, MAKING AMERICA encourages students to think historically and to develop into citizens who value the past. The clear chronology, straightforward narrative, and strong thematic structure emphasize communication over intimidation, and appeal to students of varied learning levels. The Brief Fifth Edition retains a hallmark feature of the MAKING AMERICA program: pedagogical tools

that allow students to master complex material and enable them to develop analytical skills. Every chapter has chapter outlines, chronologies, focus questions, and in-text glossaries to provide guidance throughout the text. A new feature called Investigating America gets to the heart of learning history: reading and analyzing primary sources. The text's new open, inviting design allows students to access and use pedagogy to improve learning. Available in the following split options: MAKING AMERICA, Brief Fifth Edition (Chapters 1-30), ISBN: 978-0-618-47139-3; Volume I: To 1877 (Chapters 1-15), ISBN: 978-0-618-47140-9; Volume II: Since 1865 (Chapters 15-30), ISBN: 978-0-618-47141-6. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Building the American Republic, Volume 2

Aug 19 2019 "Building the American Republic tells the story of United States with remarkable grace and skill, its fast moving narrative making the nation's struggles and accomplishments new and compelling. Weaving together stories of abroad range of Americans. Volume 1 starts at sea and ends on the field. Beginning with the earliest Americans and the arrival of strangers on the eastern shore, it then moves through colonial society to the fight for independence and the construction of a federal republic. Vol 2 opens as America struggles to regain its footing, reeling from a presidential assassination and facing massive economic growth, rapid demographic change, and combusive politics.

The Ethnic Dimension in American History Nov 21 2019 The Ethnic Dimension in American History is a thorough survey of the role that ethnicity has played in shaping the history of the United States. Considering ethnicity in terms of race, language, religion and national origin, this important text examines its effects on social relations, public policy and economic development. A thorough survey of the role that ethnicity has played in shaping the history of the United States, including the effects of ethnicity on social relations, public policy and economic development Includes histories of a wide range of ethnic groups including African Americans, Native Americans, Jews, Chinese, Europeans, Japanese, Muslims, Koreans, and Latinos

Examines the interaction of ethnic groups with one another and the dynamic processes of acculturation, modernization, and assimilation; as well as the history of immigration Revised and updated material in the fourth edition reflects current thinking and recent history, bringing the story up to the present and including the impact of 9/11

Urban America in the Modern Age Feb 23 2020

Since the appearance of *Urban America in the Modern Age* in 1987, the study of American cities has flourished. In this long-awaited second edition, Carl Abbott draws on the recent works of historians who have explored issues of urban growth, municipal politics, immigration and ethnicity, "suburbanization," and environmental change. The fascination with growth and change in the nation's metropolitan areas spans a wide range of scholarly fields, and the new edition also benefits from scholarship in disciplines closely related to urban history, including geography, political science, sociology, and urban planning. Featuring an entirely new chapter covering the years since 1980 and a bank of interesting photographs, the second edition of *Urban America in the Modern Age* further explores and fine-tunes the themes and topics central to its predecessor—the physical form of metropolitan areas, their sources of growth and mix of ethnic and racial groups, the shaping of and responses to public policy, and ideas of community planning. Regionally balanced—with examples from New York, Boston, and Chicago, as well as Los Angeles, Atlanta, San Francisco, Seattle, Denver, San Antonio, Miami, Charlotte, Washington, Detroit, and Cleveland—the second edition of *Urban America in the Modern Age* makes ideal supplementary reading for courses in Urban History, twentieth-century America, as well as the second half of the U.S. survey.

2nd Grade US History: Native Americans to Early Settlers Oct 25 2022

Why is it important to know who the early settlers were? To trace our culture and traditions, of course! This educational book presents what would otherwise be a boring subject for young children. The use of pictures creates a definite scenario that would stick to the memory well. So if you're looking for a more effective method of teaching history, this book is what you need!

Native America Mar 18 2022 This history of Native Americans, from the period of first contact to the present day, offers an important variation to existing studies by placing the lives and experiences of Native American communities at the center of the narrative. Presents an innovative approach to Native American history by placing individual native communities and their experiences at the center of the study Following a first chapter that deals with creation myths, the remainder of the narrative is structured chronologically, covering over 600 years from the point of first contact to the present day Illustrates the great diversity in American Indian culture and emphasizes the importance of Native Americans in the history of North America Provides an excellent survey for courses in Native American history Includes maps, photographs, a timeline, questions for discussion, and "A Closer Focus" textboxes that provide biographies of individuals and that elaborate on the text, exposing students to issues of race, class, and gender

Roosevelt's Second Act May 08 2021 In Roosevelt's Second Act Richard Moe has shown in superb fashion that what might seem to have been an inevitable decision of comparatively little interest was far from it. --David McCullough On August 31, 1939, nearing the end of his second and presumably final term in office, President Franklin Delano Roosevelt was working in the Oval Office and contemplating construction of his presidential library and planning retirement. The next day German tanks had crossed the Polish border; Britain and France had declared war. Overnight the world had changed, and FDR found himself being forced to consider a dramatically different set of circumstances. In Roosevelt's Second Act, Richard Moe focuses on a turning point in American political history: FDR's decision to seek a third term. Often overlooked between the passage and implementation of the New Deal and the bombing of Pearl Harbor, that decision was far from inevitable. As the election loomed, he refused to comment, confiding in no one, scrambling the politics of his own party; but after the Republicans surprisingly nominated Wendell Willkie in July 1940, FDR became convinced that no other Democrat could both maintain the legitimacy of the New Deal and

mobilize the nation for war. With Hitler on the verge of conquering Europe, Roosevelt, still hedging, began to maneuver his way to the center of the political stage. Moe offers a brilliant depiction of the duality that was FDR: the bold, perceptive, prescient and moral statesman who set lofty and principled goals, and the sometimes cautious, ambitious, arrogant and manipulative politician in pursuit of them. Immersive, insightful and written with an insider's understanding of the presidency, this book challenges and illuminates our understanding of FDR and this pivotal moment in American history.

NASA & Astronauts Prayer on the Moon.

A War for the Soul of America Jul 18 2019 When Patrick Buchanan took the stage at the Republican National Convention in 1992 and proclaimed, "There is a religious war going on for the soul of our country," his audience knew what he was talking about: the culture wars, which had raged throughout the previous decade and would continue until the century's end, pitting conservative and religious Americans against their liberal, secular fellow citizens. It was an era marked by polarization and posturing fueled by deep-rooted anger and insecurity. Buchanan's fiery speech marked a high point in the culture wars, but as Andrew Hartman shows in this richly analytical history, their roots lay farther back, in the tumult of the 1960s—and their significance is much greater than generally assumed. Far more than a mere sideshow or shouting match, the culture wars,

Hartman argues, were the very public face of America's struggle over the unprecedented social changes of the period, as the cluster of social norms that had long governed American life began to give way to a new openness to different ideas, identities, and articulations of what it meant to be an American. The hot-button issues like abortion, affirmative action, art, censorship, feminism, and homosexuality that dominated politics in the period were symptoms of the larger struggle, as conservative Americans slowly began to acknowledge—if initially through rejection—many fundamental transformations of American life. As an ever-more partisan but also an ever-more diverse and accepting America continues to find its way in a changing world, *A War for the Soul of America* reminds us of how we got here, and what all the shouting has really been about.

American Military History, Volume II May 28 2020 From the Publisher: This latest edition of an official U.S. Government military history classic provides an authoritative historical survey of the organization and accomplishments of the United States Army. This scholarly yet readable book is designed to inculcate an awareness of our nation's military past and to demonstrate that the study of military history is an essential ingredient in leadership development. It is also an essential addition to any personal military history library.
