**Paperclay** Sep 28 2019 Now firmly established in the ceramics world, paperclay is a vital part of the modern clay artist and potter's repertoire. The workability of this material allows expressive freedom and imagination at every stage in the creative process, from wet to dry. Paperclay, made with new or recycled paper, is remarkable for its flexibility, unfired strength, and the ease with which it can be repaired, and allows the creation of beautiful finished forms. Building on the immense success of her previous *Ceramics Handbook Paper Clay*, pioneering artist, researcher and teacher Rosette Gault (M.F.A.) explains how potters and clay sculptors can make, fire and use the material. In addition to the basics, she introduces more advanced techniques for building armatures, sculpting figures and making works for the wall. Packed throughout with photographs of inspiring works by a new generation of paperclay artists, *Paperclay: Art and Practice* is an essential introduction to the medium.

**Paper Play** Sep 20 2021 The follow-up to the bestselling *Paper Works*, this title continues the exploration of paper as the ultimate artists material. From an award-winning documentary to a nationally touring museum exhibition, paper is no longer a blank canvas for other media, but has become the media itself. Follow artists and designers from around the world who cut, fold and sculpt paper to new heights of creativity, and develop new techniques that open up doors of expression. In two or three dimensions, full color or monochromatic, the effects are limitless. Some designs are geometric, creating real or imagined cityscapes others delicately trace the fluidity of a jellyfish's tentacles or the movement of water. Projects include fashion, jewelry and furniture design, origami, sculpture and installation art.

**How to Make Tiny Paper Mache Dogs** Apr 27 2022 The author makes it easy for you to create a tiny paper mache dog of your own. You only need a few basic tools and some materials that you may already have lying around the house. The only thing you may need to purchase is a few feet of aluminum wire for the armature -- or use some wire you already have on hand. First, choose a pattern from the 27 breeds included in the book. Then build your armature by bending the wires, using the pattern for a guide. This makes sure that your finished sculpture will have the right proportions for your breed. Add a few bits of crumpled aluminum foil to round out the forms, with the pattern guiding you, and then twist and bend your little dog into any position you desire. With these simple steps it's easy to create a lively original sculpture of your own design. When your armature is finished, the author shows you how to make the two layers of paper mache as smooth as you want it to be. You can add wrinkles, fur, happy mouths and other details after the paper mache is dry. If you would like to paint your dog, you can use the author's recipe for an inexpensive home-made gesso to add interesting textures. Then the author gives you suggestions for painting your sculpture, including an easy way to paint brindled spots, how to give an all-white dog an interesting coat, how to emphasize heavily-textured fur with acrylic glazing liquid, and more. The author is a well-known paper mache artist who has written several popular books on the subject. She also writes tutorials and creates videos for her blog, at [UltimatePaperMache.com](#).

*How to Make Adorable Baby Animal Dolls* Jul 19 2021 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have its own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!

*Contemporary Papier Mache* Sep 08 2020 Over 20 diverse projects are included Contemporary Papier Mache is a colorful collection of papier mache projects by artist and teacher Gilat Nadivi. With an emphasis on recycling everyday items to create one-of-a-kind masterpieces, Nadivi instructs readers on how simple materials, basic techniques, and a healthy measure of imagination can be combined to make a range of distinctive creations. Projects described in the book are diverse; they include human figures engaged in everyday activities, animals that are tall, small and in between, home accessories such as picture frames, bowls and magnets, and more. Recycling is an inherent component of almost all papier mache, and Contemporary Papier Mache really takes this principle to heart. Old wires and hangers act as bases for human figures, empty rolls of tape become fashionable bangles, discarded water bottles are transformed into women's figures. After trying out a few projects in the book, readers will find their eyes open to the artistic potential waiting to be discovered in basements, garages, and recycling boxes. Tools for these projects are minimal, and supplies are easy to find. As for guidance and inspiration, readers will find plenty of both within the pages of Contemporary Papier Mache. The book begins with a chapter on materials that describes the supplies readers will need for the projects. This includes basic materials such as papers, glues, work surfaces and paints, as well as fabrics and other decorative enhancements. It also includes suggestions about items that can be reused (and revived!) through papier mache. The techniques chapter describes various papier mache methods as well as painting and lacquer application.
