Meditations with Cows Apr 04 2020 An intimate memoir on the work and wonder of ranch life, critiquing the inhumane and environmentally destructive factory farm system and offering sustainable alternatives for ethical omnivores. Although there are nearly 100 million cattle in the United States, these animals are often ignored or dismissed. In Meditations with Cows, Shreve Stockton inspires a more reverential attitude toward these affectionate and intelligent creatures as she shares captivating stories and photos of ranch life. At the center of the narrative is Daisy, the matriarch of the herd. Through the daily ritual of milking, Stockton forges a relationship with Daisy that deepens with each passing season: "When you have a milk cow, you are together every day, no matter the weather, no matter either of your moods. The hind leg of this twelve-hundred-pound animal towers over you as you crouch beside her... both of you aware of the fact that one well-aimed kick could kill you if she wished. Yet you are allowed to rest your cheek and forehead against her warm belly as you milk... her trust in you entwined with your trust in her, you become family." For anyone who loves animals or cares about the environmental impact of their food, Stockton explores conservation and the important role of cattle in local ecosystems, models the humane treatment of animals, and shows how pastured cattle can be our allies in averting climate crisis. Blending together narrative, science, and thoughtful reflection, Meditations with Cows offers a moving portrait of the rhythms of work, life, and hardship on the ranch.

The Secret Life of Cows Aug 21 2021 "Within a day of receiving this book, I had consumed it... Absorbing, moving, and compulsively readable."—Lydia Davis In this affectionate, heart-warming chronicle, Rosamund Young distills a lifetime of organic farming wisdom, describing the surprising personalities of her cows and other animals At her famous Kite's Nest Farm in Worcestershire, England, the cows (as well as sheep, hens, and pigs) all roam free. They make their own choices about rearing, grazing, and housing. Left to be themselves, the cows exhibit temperaments and interests as diverse as our own. "Fat Hat" prefers men to women; "Chippy Minton" refuses to sleep with muddy legs and always reports to the barn for grooming before bed; "Jake" has a thing for sniffing the carbon monoxide fumes of the Land Rover exhaust pipe; and "Gemima" greets all humans with an angry shake of the head and is fiercely independent. An organic farmer

for decades, Young has an unaffected and homely voice. Her prose brims with genuine devotion to the wellbeing of animals. Most of us never apprehend the various inner lives animals possess, least of all those that we might eat. But Young has spent countless hours observing how these creatures love, play games, and form life-long friendships. She imparts hard-won wisdom about the both moral and real-world benefits of organic farming. (If preserving the dignity of animals isn't a good enough reason for you, consider how badly factory farming stunts the growth of animals, producing unhealthy and tasteless food.) This gorgeously-illustrated book, which includes an original introduction by the legendary British playwright Alan Bennett, is the summation of a life's work, and a delightful and moving tribute to the deep richness of animal sentience.

The Cow and the Cat Aug 28 2019 This poem tells a funny tale about a very strange cow that says "Meouw" instead of "Moo". No one understands what has happened except for Granny Schwartz who's wisdom solves the mystery.

The Cows Jun 30 2022 With her trademark precision, Davis turns her eye to three beloved cows, capturing them in celebratory, delighted detail.

Cows on the Freeway Feb 24 2022 *Cows on the Freeway* is a collection of poems inspired by the ocean and freeways of Southern California. These poems were polished in performances on stages as diverse as Lollapalooza, The Whiskey, National Poetry Slams, and coffeehouse open mikes. They combine a sharp critique of modern life with an absurd sense of humor. "It's all Murray: dry humor, charm, a big heart with a little cynical edge to it. He gets his point across with a little ambiguity, but he doesn't push it in your face." Pat Cohee, *The Inevitable Press* "At first glance, G. Murray Thomas's poetry is simplistic even prosaic but don't be fooled. Whether he's remarking on women washing their clothes in sinks, or cows wandering blithely onto the freeways, Thomas focuses in on the tiny moments that provide character and flavor to what is otherwise an incomprehensible wash development and advertising." Victor D. Infante, journalist and poet

The Cow Feb 01 2020 A richly illustrated introduction to the science and history of the cow We populate the countryside with cows the world over, and their familiar presence ensures that global demands for milk and beef are met. But with more than a billion cattle on the planet, the importance of cows extends well beyond food production. Cows are venerated by some religions and shunned by others; they provide leather for shoes, clothing, and other uses; and they have long been central to the agricultural way of life, working the fields, pulling carts, and providing fertilizer. The Cow is a comprehensive guide to help us understand these important animals, offering a wealth of information about their anatomy and behaviors, breed varieties, and place in human culture past and present. Exploring the cow's livestock credentials and beyond, this book combines engaging and informative text, beautiful photographs, and explanatory diagrams to examine the cow's fascinating biology, its hard-wired behaviors, and its relationship with humankind. Provides an in-depth look at the evolution of the cow, its role in agriculture, and the development of breeds Includes chapters on Anatomy & Biology, Society & Behavior, and Cattle & People Features a photographic directory of forty global cattle breeds

Moo Jul 20 2021 Following a family move to Maine, twelve-year-old Reena has no idea what to expect. She hopes it's going to be beaches, blueberries and all the lobster she can eat. She certainly doesn't expect to suddenly be put in charge of a menagerie of animals, belonging to the irascible Mrs Falala, who not only has a fast-wheeling pig, a secretive snake, but the most ornery cow she ever thought to meet. A wonderfully funny, moving story of one family's move to the country, and the challenges they face.

Learning Human Jan 26 2022 A bighearted selection from the inimitable Australian poet's diverse ten-book body of work Les Murray is one of the great poets of the English language, past, present, and future. Learning Human contains the poems he considers his best: 137 poems written since 1965, presented here in roughly chronological order, and including a dozen poems published for the first time in this book. Murray has distinguished between what he calls the "Narrowpeak" of ordinary affairs, of money and social position, of interest and calculation, and the "Wholespeak" of life in its fullness, of real religion, and of poetry. Poetry, he proposes, is the most human of activities, partaking of reason, the dream, and the dance all at once -- "the whole simultaneous gamut of reasoning, envisioning, feeling, and vibrating we go through when we are really taken up with some matter, and out of which we may act on it. We are not just thinking about whatever it may be, but savouring it and experiencing it and wrestling with it in the ghostly sympathy of our muscles. We are alive at full stretch towards it." He explains: "Poetry models the fullness of life, and also gives its objects presence. Like prayer, it pulls all the motions of our life and being into a concentrated true attentiveness to which God might speak." The poems gathered here give us a poet who is altogether alive and at full stretch toward experience. Learning Human, an ideal introduction to Les Murray's poetry, suggests the variety, the intensity, and the generosity of this great poet's work so far.

Cattle of the Lord Nov 11 2020 Presented in both English and Portuguese, this lyric poetry collection explores the “troublesome blessing and burden of being human” (Publishers Weekly). Love. Sex. Death. Meat. Traffic. Pets. In *Cattle of the Lord*, Rosa Alice Branco offers a stunning poetic vision at once sacred and profane, a rich evocation of daily life troubled by uneasy sacramentality. In a collection translated by Alexis Levitin and presented in both Portuguese and English, readers find themselves in a world turned upside down: darkly comic, sensual, and rife with contradiction. Here, liturgical words become lovers’ invitations. Cows moo at the heavens. And chickens are lessons on the resurrection. Over the course of the collection, Branco’s unorthodox—even blasphemous—religious sensibility yields something ultimately hopeful: a belief that the physical, the quotidian, and the animalistic are holy, too. Flesh, in all its meanings—the body of the other, caressed; the animals we abuse, and eat; the sacrificial offering of Christ—demands reverence. Writing at the boundaries of sense and mystification, combining sensuous lyrics and wit with theological interrogation, Branco breaks down what we think we know about religion, faith, and what it means to be human. “Lord, how much compassion will it take for you,” her speaker cries, “To be godfather at the Sunday barbecue?” Praise for *Cattle of the Lord* “In Rosa Alice Branco, via the compelling translations of Alexis Levitin, we find a poet of immense spiritual, as well as intellectual, curiosity.” —Nicky Beer “A wild and sneaky book, filled with intelligence, wit, and theological anxiety. . . . Marvelous, moving, and obsessive.” —Kevin Prufer “Throughout *Cattle of the Lord*, speakers wield their futile agency to beseech an impassive Lord in the face of their mortality. The result is a raw, daring interrogation that demands both contemplation and confrontation. Limbed with lush language, provocative imagery, and sharp sentiment, Branco’s world is beautiful. But, make no mistake, it is foremost a bier.” —*The Los Angeles Review*

The Cow Nov 04 2022 "Beyond brilliant, *THE COW* is a manifesto of the paradoxical girl-state in which disappearance beckons through presence. --Chris Kraus

Cows on the Moove Jan 14 2021 Welcome to a Paradelle Universe; where rigid rules are transcended and creative imagination discovers ever surprising potentialities. a universe where formalized and uncompromising poetic structures succumb to a radicalized deconstruction of their basic elements; then reconstructed through an almost word by word re-ordering and reinvention of the poems original meaning, images and intent. the Paradelle is a form of poetry whose time is now: a time of stagnating social theories, fossilized religious traditions, and a political system paralyzed by its own impossibilities. a time of constant unrelenting change and adaptation, of innovative ideas reconfiguring outdated concepts and beliefs; of individual and collective human consciousness expanding beyond existing borders and horizons. a Paradelle reflects this evolving planetary process in the fundamental reinvention of itself ... never exactly certain of where its going or how it will get there; yet always managing to arrive at the coherent conclusion of its revealed destination. Even then the Paradelle refuses to become a static statement of all that has been said and done. the poem learns from each rewriting how to speak for itself. All that a Paradelle asks for is a fair hearing. to be given a voice ... for the blessing of living breath.
