Atomic Habits Mar 02 2020 The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you

think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

*Do I Make Myself Clear?* Oct 21 2021 \*New York Times Bestseller\* One of NPR's Best Books of 2017 A wise and entertaining guide to writing English the proper way by one of the greatest newspaper editors of our time. Harry Evans has edited everything from the urgent files of battlefield reporters to the complex thought processes of Henry Kissinger. He's even been knighted for his services to journalism. In DO I MAKE MYSELF CLEAR?, he brings his indispensable insight to us all in his definite guide to writing well. The right words are oxygen to our ideas, but the digital era, with all of its TTYL, LMK, and WTF, has been cutting off that oxygen flow. The compulsion to be precise has vanished from our culture, and in writing of every kind we see a trend towards more--more speed and more information but far less clarity. Evans provides practical examples of how editing and rewriting can make for better communication, even in the digital age. DO I MAKE MYSELF CLEAR? is an essential text, and one that will provide every writer an editor at his shoulder.

**Deep Learning** Nov 29 2019 An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. "Written by three experts in the field, Deep Learning is the only comprehensive book on the subject." —Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX Deep learning is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the

knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models, autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. Deep Learning can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.

*Write Well Right Now* Aug 07 2020 The aim of this book is to help pre-service teachers become more proficient writers now and to encourage them to continue to be proficient writers when they become teachers. I did not write this book for English teachers, although it can be a helpful reference for them. I don't discuss spelling very much in this book, although correct spelling is an integral part of the writing process. I divided the book into three main sections: (1) grammar, (2) punctuation/capitalization, and (3) writing.

**The Elements of Style** Jan 12 2021 The Elements of Style William Strunk concentrated on specific

questions of usage—and the cultivation of good writing—with the recommendation "Make every word tell"; hence the 17th principle of composition is the simple instruction: "Omit needless words." The book was also listed as one of the 100 best and most influential books written in English since 1923 by Time in its 2011 list.

**Steps to Writing Well** Mar 26 2022 The informal, student-friendly tone of these rhetorically-organized rhetoric/reader/handbooks provides step-by-step instructions on writing a variety of 500-800-word essays.

On Writing Well, 30th Anniversary Edition Jul 30 2022 On Writing Well has been praised for its sound advice, its clarity and the warmth of its style. It is a book for everybody who wants to learn how to write or who needs to do some writing to get through the day, as almost everybody does in the age of e-mail and the Internet. Whether you want to write about people or places, science and technology, business, sports, the arts or about yourself in the increasingly popular memoir genre, On Writing Well offers you fundamental principles as well as the insights of a distinguished writer and teacher. With more than a million copies sold, this volume has stood the test of time and remains a valuable resource for writers and would-be writers.

**The Professional Writing Guide** Jul 18 2021 The Professional Writing Guide is for people who wish to improve the quality of their documents and the efficiency of their writing. Busy executives and other writers in organisations, who may spend between 30 and 80 per cent of their working time writing, will find it invaluable because it clearly outlines the principles that underlie effective documents. This book will enable executives to write confidently, competently, and persuasively. High quality output is crucial to a company's image and to a professional's own career advancement. Errors in a document can prove expensive. The Professional Writing Guide is an indispensable and

accessible reference tool as well as a comprehensive style manual for writers who wish to avoid those expensive mistakes and make a positive impression. Written by two long-term professional writing educators with extensive experience of consulting to Australian business and industry, this lively and highly practical book features workable, reliable, and powerful strategies that can be used to systematically eliminate the writing problems of organisational writers.

*Writing to Learn* Jul 26 2019 This is an essential book for everyone who wants to write clearly about any subject and use writing as a means of learning.

*The Art of Nonfiction* Jan 30 2020 A remarkable series of lectures on the art of creating effective nonfiction by one of the 20th century's most profound writers and thinkers--now available for the first time in print. Culled from sixteen informal lectures Ayn Rand delivered to a select audience in the late 1960s, this remarkable work offers indispensable guidance to the aspiring writer of nonfiction while providing readers with a fascinating discourse on art and creation. Based on the concept that the ability to create quality nonfiction is a skill that can be learned like any other, *The Art of Nonfiction* takes readers through the writing process, step-by-step, providing insightful observations and invaluable techniques along the way. In these edited transcripts, Rand discusses the psychological aspects of writing, and the different roles played by the conscious and unconscious minds. From choosing a subject to polishing a draft to mastering an individual writing style--for authors of theoretical works or those leaning toward journalistic reporting--this crucial resource introduces the words and ideas of one of our most enduring authors to a new generation.

*Broke Millennial* Mar 14 2021 WASHINGTON POST "COLOR OF MONEY" BOOK CLUB PICK Stop Living Paycheck to Paycheck and Get Your Financial Life Together (#GYFLT)! If you're a cash-strapped 20- or 30-something, it's easy to get freaked out by finances. But you're not doomed to

spend your life drowning in debt or mystified by money. It's time to stop scraping by and take control of your money and your life with this savvy and smart guide. Broke Millennial shows step-by-step how to go from flat-broke to financial badass. Unlike most personal finance books out there, it doesn't just cover boring stuff like credit card debt, investing, and dealing with the dreaded "B" word (budgeting). Financial expert Erin Lowry goes beyond the basics to tackle tricky money matters and situations most of us face #IRL, including: - Understanding your relationship with moolah: do you treat it like a Tinder date or marriage material? - Managing student loans without having a full-on panic attack - What to do when you're out with your crew and can't afford to split the bill evenly - How to get "financially naked" with your partner and find out his or her "number" (debt number, of course) . . . and much more. Packed with refreshingly simple advice and hilarious true stories, Broke Millennial is the essential roadmap every financially clueless millennial needs to become a money master. So what are you waiting for? Let's #GYFLT!

**The Power of Writing Well** Aug 19 2021 I wrote THE POWER OF WRITING WELL to address everything managers, leaders, engineers, scientists and others need to be better senders and receiver s, not to cover everything they need to know about the language or to be the perfect sender or receiver; nobody is. The many books on writing and communicating that claim to be everything to everybody fail simply because they are overwhelmingly complex, full of jargon and useless labels and distinctions such as participial phrase as opposed to gerund phrase, or transitive verb versus intransitive verb. Most of us outside of academe don't care, and we shouldn't since they are not relevant to our needs. This short book condenses the habits and techniques-your tools-that work most of the time for most of the people who write at work and want to be happier in all parts of their lives: nothing more, nothing less . It is also a true and accurate reflection of my forty years of writing

for business and of teaching writing at two prestigious universities and many professional societies and companies. You can trust that what I'm telling you will improve your abilities to communicate and think, and make you more productive, promotable, and happy. It will also make your organization more efficient and profitable. I guarantee it, and my students attest to it .

**Writing Well** Dec 11 2020 Co-authored by two esteemed writers, "Writing Well," is a beautifully-written and thoroughly readable guide to the craft of writing prose. This concise, lively text covers all aspects of writing but is best known for its signature chapters on words, sentences, and paragraphs. Going beyond the basics of composition, the text teaches originality and elegance in writing encouraging students to develop their own written voice. Sample student papers including several works-in-progress - allow students to learn the writing process through the work of their peers. A brief handbook section rounds out the coverage.

*The Lawyer's Guide to Writing Well* Feb 22 2022 This eminently practical volume demystifies legal writing, outlines the causes and consequences of bad writing, and prescribes straightforward, easy-to-apply remedies that will make your writing readable. Complete with usage notes that address lawyers' most common errors, this well-organized book is both an invaluable tool for practicing lawyers and a sensible grounding for law students. This much-revised second edition contains a set of editing exercises (and a suggested revision key with explanations) to test your skill. This book is a definitive guide to becoming a better writer—and a better lawyer.

*Writing Well in School and Beyond* Nov 09 2020 The author passionately believes that everyone can improve as a writer, a conviction earned through twenty years of empowering young writers. This handy guidebook explains in an accessible way the keys to writing well, providing valuable insight into the fundamentals of the writing process and seventy incisive pieces of advice. It can help

teachers inspire students' engagement and guide their development. A student reading this concise book will be encouraged by realizing that writing well is not a magical gift some people have and others don't, but a skill she or he can develop. It clarifies that writing is thinking and that vigorous revision as the heart of the writing process empowers students to express themselves clearly and precisely, making writing an engaging activity reflecting their most vibrant intellectual experience, valuable not just for assessing learning but as an essential means to foster deep learning and critical thinking. As a resource for faculty development, it provides many insights and activities to help instructors across the curriculum support student writing. It makes a powerful case for establishing a writing center in schools that do not yet have one. This concise guidebook is useful for secondary and post-secondary students, for educators in training, for advocates of and consultants in writing across the curriculum, for high school teachers and college faculty in professional development, and for all people who are eager to improve their writing skills and take pleasure in an activity essential to modern life that has not yet proved satisfying to them. For instructor exam copies and bulk discounts (30% on purchases of eight or more), email request to: [michaelberger.wwsb@gmail.com](mailto:michaelberger.wwsb@gmail.com)

**Several Short Sentences About Writing** Sep 07 2020 Counsels aspiring writers on how to move past conventional understandings about creativity, writer's block, and other literary challenges to develop a greater understanding of how thinking, noticing, and learning are integral parts of the writing process.

**Style** Apr 14 2021 "Style" is considered one of the greatest guides to writing well. Legendary among writers and critics, but lost for almost 40 years, "Style" is now back in a beautiful new edition, and remains as entertaining and informative as ever.

*The Simple Math of Writing Well* Jan 24 2022 Writing guides abound, but *The Simple Math of*

Writing Well is one of a kind. Readers will find its practical approach affirming, encouraging, and informative, and its focus on the basics of linguistic structure releases 21st-century writers to embrace the variety of mediums that define our internet-connected world. As Harrop reminds us in the opening chapters of her book, we write more today than ever before in history: texts, emails, letters, blogs, reports, social media posts, proposals, etc. The Simple Math of Writing Well is the first guide that directly addresses the importance of writing well in the Google age.

**Writing Well for Business Success** Oct 09 2020 So much of success in business depends on writing well. From résumés to reports, proposals to presentations, Writing Well for Business Success will help you communicate your ideas clearly, quickly and effectively. It will help you: -Distill your message into a well-targeted statement -Ace the elements of style -Write what you want to say in emails, business plans and more -Master the tricks of editing yourself Presented in author Sandra Lambs lighthearted and easy accessible style, this little book is an essential desk reference guide for the modern working world.

**How to Write Fast (while Writing Well)** May 28 2022 This guide to writing faster and better helps writers see what makes a story, then what it takes to research and write one. Also shows step-by-step how to cut wasted time.

**Not Quite a Genius** Jul 06 2020 "From Funny Or Die senior writer and former artistic director at the Upright Citizens Brigade Theatre comes a collection of absurdist, hilarious stories and essays on relationships, technology, and contemporary society. A brave archaeologist journeys into a suburban man cave. Leif Eriksson writes Christopher Columbus a long overdue letter. A corporate flack admonishes a room of marijuana sales people to get their revenues up. A young man's penis turns into a lobster. Walt Whitman even teaches a spin class. With humor, originality, and narrative guile,

Nate Dern examines man buns, dating apps, Wi-Fi terms and conditions, juicing crazes, vegetarianism, and so much more, all while plumbing his own life and a series of fantastical scenarios for a truth that's both revelatory and beautiful."--Jacket.

Writing Well in the 21st Century Jun 04 2020 Writing Well in the 21st Century: The Five Essentials provides students, career-builders, and professional writers with the basic elements needed for writing in the 21st century. The book fully explains—and links—the five essentials of good writing: punctuation, grammar, fact-checking, style, and voice. Throughout history technology has changed both language and writing. Today in the digital age, language and writing are changing at a phenomenal pace. Students, career-builders, and professional writers need this guide that reviews those changes and connects the essentials for creating good writing in the digital age. Writing Well in the 21st Century: The Five Essentials gives writers the tools needed today. Among other essentials, the book: Resolves comma issues by explaining the Open and Close Punctuation systems. Writers select which system to use in their writing. Clarifies active and passive voice verbs and advocates using strong, specific verbs in writing. Provides guidelines for choosing credible online websites when searching for resources. Examines attributes of essentials that contribute to a writing style and urges a critical review of verbs. Connects elements that combine to create a voice in a written piece. Relevant and succinctly written, Writing Well in the 21st Century: The Five Essentials gives readers the basics they need to know to create well-written documents for school, work and in their professional writing.

**How to Write Well** May 04 2020 Have you ever wanted to improve your writing skills? Why is it important to write well? It seems like a silly question, but our writings precede us. When applying for a job we must submit a resume' and sometimes a cover letter. Or how about when sending e-

mails to someone we don't know well or haven't met, such as work partners, customers, or when responding on behalf of your company or institute? Your writing often forms the first impression, and you only get one chance to make it. When writing, we send a message about ourselves. Michael Stover has distilled over 10 years of writing and editing experience into one easy-to-read work that you will refer to again and again. Learn from his simple lessons and realize a marked improvement in your writing after just the first 30 minutes!

The Love Hypothesis Oct 28 2019 The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

*How to Write Well* Aug 26 2019 Never before has it been easier to write and influence the world; never has it been easier for our words to crash and burn. Why does writing turn rational people into rabbits frozen in car headlights? Why doesn't grammar help us know where to start? And if we are what we write, does improving our writing change who we are? How did The Sunday Times uncover JK Rowling's secret writing identity? How did writing help to define Apple's brand? In *How to Write Well - When You Don't Know Where to Start*, Susan Feehan shows how we stray into obsessing over grammar and punctuation when we should focus on what we want to say, who we want to reach, and why anyone should listen. From the point of purpose to the pain of getting feedback, Feehan offers us tips galore and writing strategies that bring out the best in us.

*On Writing Well* Oct 01 2022 Warns against common errors in structure, style, and diction, and explains the fundamentals of conducting interviews and writing travel, scientific, sports, critical, and humorous articles.

*Steps to Writing Well* Jun 28 2022 Reliable and straightforward, this text has helped thousands of students learn to write well. Jean Wyrick's rhetorically organized STEPS TO WRITING WELL, Eleventh Edition, is known for its student-friendly tone and the clear way it presents the basics of essay writing in an easy-to-follow progression of useful lessons and activities. Through straightforward advice and thoughtful assignments, the text gives students the practice they need to approach writing well-constructed essays with confidence. With Wyrick's precise instruction and the book's professional samples by both well-known classic and contemporary writers, STEPS TO WRITING WELL, Eleventh Edition, sets students on a solid path to writing success. Everything students need to begin, organize, and revise writing--from choosing a topic to developing the essay to polishing prose--is right here! In the eleventh edition, Wyrick updates and refines the book's

successful approach, adding useful new discussions, readings, exercises, essay assignments, and visual images for analysis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Metahuman** Apr 02 2020 Is it possible to venture beyond daily living and experience heightened states of awareness? Deepak Chopra says that higher consciousness is available here and now. “Metahuman helps us harvest peak experiences so we can see our truth and mold the universe’s chaos into a form that brings light to the world.”—Dr. Mehmet Oz, attending physician, New York-Presbyterian, Columbia University New York Times bestselling author Deepak Chopra unlocks the secrets to moving beyond our present limitations to access a field of infinite possibilities. How does one do this? By becoming metahuman. To be metahuman, however, isn’t science fiction and is certainly not about being a superhero. To be metahuman means to move past the limitation constructed by the mind and enter a new state of awareness where we have deliberate and concrete access to peak experiences that can transform people’s lives from the inside out. Humans do this naturally—to a point. For centuries the great artists, scientists, writers, and many so-called ordinary people have gone beyond the everyday physical world. But if we could channel these often bewildering experiences, what would happen? Chopra argues we would wake up to experiences that would blow open your body, mind, and soul. Metahuman invites the reader to walk the path here and now. Waking up, we learn, isn’t just about mindfulness or meditation. Waking up, to become metahuman, is to expand our consciousness in all that we think, say, and do. By going beyond, we liberate ourselves from old conditioning and all the mental constructs that underlie anxiety, tension, and ego-driven demands. Waking up allows life to make sense as never before. To make this as practical as possible, Chopra ends the book with a 31-day guide to becoming metahuman. Once you

wake up, he writes, life becomes transformed, because pure consciousness—which is the field of all possibilities—dawns in your life. Only then does your infinite potential become your personal reality.

**On Writing Well** Nov 21 2021 Provides advice on writing about science, sports, travel, and other nonfiction subjects.

*Writing About Your Life* Dec 31 2019 Written with elegance, warmth, and humor, this highly original "teaching memoir" by William Zinsser—renowned bestselling author of *On Writing Well* gives you the tools to organize and recover your past, and the confidence to believe in your life narrative. His method is to take you on a memoir of his own: 13 chapters in which he recalls dramatic, amusing, and often surprising moments in his long and varied life as a writer, editor, teacher, and traveler. Along the way, Zinsser pauses to explain the technical decisions he made as he wrote about his life. They are the same decisions you'll have to make as you write about your own life: matters of selection, condensation, focus, attitude, voice, and tone.

**On Writing Well** Nov 02 2022 The revised and enlarged third edition of Zinsser's trusted writing guide covers the principles of good writing while including information on technical, business and sports writing, humor, interviews, working with a word processor, sexism, and a writer's attitudes toward language and craft.

*The Book on Writing* Aug 31 2022 Teaches the elements of good writing through the use of essential guidelines, literary techniques, and proper writing mechanics.

**Automate the Boring Stuff with Python, 2nd Edition** Jun 24 2019 The second edition of this best-selling Python book (over 500,000 copies sold!) uses Python 3 to teach even the technically uninclined how to write programs that do in minutes what would take hours to do by hand. There is no prior programming experience required and the book is loved by liberal arts majors and geeks

alike. If you've ever spent hours renaming files or updating hundreds of spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? In this fully revised second edition of the best-selling classic *Automate the Boring Stuff with Python*, you'll learn how to use Python to write programs that do in minutes what would take you hours to do by hand--no prior programming experience required. You'll learn the basics of Python and explore Python's rich library of modules for performing specific tasks, like scraping data off websites, reading PDF and Word documents, and automating clicking and typing tasks. The second edition of this international fan favorite includes a brand-new chapter on input validation, as well as tutorials on automating Gmail and Google Sheets, plus tips on automatically updating CSV files. You'll learn how to create programs that effortlessly perform useful feats of automation to:

- Search for text in a file or across multiple files
- Create, update, move, and rename files and folders
- Search the Web and download online content
- Update and format data in Excel spreadsheets of any size
- Split, merge, watermark, and encrypt PDFs
- Send email responses and text notifications
- Fill out online forms

Step-by-step instructions walk you through each program, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Don't spend your time doing work a well-trained monkey could do. Even if you've never written a line of code, you can make your computer do the grunt work. Learn how in *Automate the Boring Stuff with Python, 2nd Edition*.

*Why They Can't Write* Sep 27 2019 Combining current knowledge of what works in teaching and learning with the most enduring philosophies of classical education, this book challenges readers to develop the skills, attitudes, knowledge, and habits of mind of strong writers.

*The Complete Idiot's Guide to Writing Well* May 16 2021 Covers all elements of effective and

grammatically-correct writing, including electronic formats, for any type of situation from research papers to business memos.

**Reading Critically, Writing Well** Jun 16 2021

*Teach Writing Well* Dec 23 2021 Ask great writers what the key to writing well is and they will tell you revision. Author Ruth Culham, both a successful writer and writing teacher, understands the challenges elementary teachers face when teaching writing and revision and now shares her knowledge in *Teach Writing Well: How to Assess Writing, Invigorate Instruction, and Rethink Revision*. Divided into two parts, Culham's book provides ways to teach that are both accessible to the teacher and student. You will find techniques to assess writing that are practical, and results driven. Inside you'll discover: Culham's "traits of writing" and how to use them to read and assess student work Ways to guide revision decisions using these traits as common language How to address challenges students may face within the different modes of writing (narrative, expository, and persuasive) Strategic lessons to teach the writer that scaffold students towards making their own craft decisions A chapter on mentor texts which can be used to model traits and key qualities for your students *Teach Writing Well* pulls best practices together and shows writing with fresh eyes.

**On Writing** Feb 10 2021
