PgMP: Program Management Professional Exam Study Guide Oct 29 2019 In this book, best selling author, Paul Sanghera, offers cohesive, concise, yet comprehensive coverage of all the topics included in the PgMP exam. With a laser sharp focus on the exam objectives, the Study Guide goes beyond just being an "exam cram." The material is presented in a logical learning sequence: a section builds upon previous sections and a chapter on previous chapters. All concepts, simple and complex, are defined and explained when they appear the first time. There is no hopping from topic to topic and no technical jargon without explanation. Because no prior knowledge of program management is assumed, this book will be useful for both: those new to program management, as well as individuals with years of experience. Although the primary purpose of the book is to help you pass the PgMP exam, it will also serve as a great reference for the program managers before and after the exam. Special Features: Hundreds of review questions with fully explained answers A complete practice exam with fully explained answers The real world scenarios to help you deal with the program management issues in the real world and also to answer the scenario based questions in the exam Notes and tips to highlight the crucial points Exam's Eye View section at the end of each chapter to emphasize the important points from the exam's perspective Key Terms section at the end of each chapter that lists the important terms and concepts introduced in the chapter along with their definitions The exam objectives fully explained before their coverage in each chapter

The Sensible Guide to Program Management Professional (PgMP)® Success Jul 07 2020 A Sensible Guide to Program Management Professional (PgMP)® Success is for program managers preparing to take the PgMP exam based on The Standard for Program Management - 4th Edition (PgM4 Standard). It is designed for busy professionals whose responsibilities have taken them into the realm of coordinating, facilitating, managing, and leading programs. Program managers are leaders who are directly managing large amounts of project resources for their organizations. This study guide addresses three main concerns facing PgMP exam candidates: What are the essential concepts, processes, and tools that form the foundation of today's program management? Since program management is still an emerging profession with professionals often working in different ways, what does this mean for a "standard" exam? More specifically, how does that impact your ability to pass the PgMP exam? What is the best way to prepare for the PgMP exam? To address the first concern, this book highlights the underlying rationale for program management: why it exists in organizations; why it is becoming ever more important; what programs are, especially for the purpose of passing the exam; how to think like a portfolio manager; and what the most important concepts, processes, and tools are for this profession. By simplifying complex ideas and communicating them in plain English with relevant examples, this book aims to help readers not only to pass the PgMP exam but also to serve as an essential guide for program managers. For the second concern, this book differs from other study guides by describing the author's personal experience as a program manager and addressing the most pressing questions for each of the performance domains in The Standard for Program Management. To address the last concern, this book contains 420 practice questions, access to an online exam simulator and an online PgMP community, and a time-tested approach for passing the PgMP exam.

What are you waiting for? \*\*\*\*Testimonials\*\*\*\*Hello, I used your materials to pass the following tests. I found them very helpful and especially like the flash cards. It was nice to have one study guide to use rather than a listing of expensive books to choose from. 1. Intro to Business 2. Intro to Computing 3. Drug and Alcohol Abuse 4. Human Resource Management Thank you, Janell K.\*\*\*\*I just wanted to add to the testimonies on the web site. I took DANTES "Here's to Your Health" test on July 20th, and I passed it with a score of 445 (needed 400). I had the study materials for only a week and a half, and they were very concisely written and to the point. They are well done, and I learned a lot in such a short amount of time, so I could pass the test. I would not have been able to start graduate school without it, because I had deficit undergrad credits that I needed to satisfy; this test and your study materials fit the bill nicely! -Jen M.\*\*\*\*I've passed "Substance abuse" and "here's to your health." I have 3 more exams to pass - race to save planet earth environment and humanity is up next! -Melissa A.\*\*\*\*I love your guys' help booklet on a test I took for Here's to your Health, a DANTES exam. - Stephen K.\*\*\*\*

**The Making of a Manager** Sep 08 2020 Instant Wall Street Journal Bestseller! Congratulations, you're a manager! After you pop the champagne, accept the shiny new title, and step into this thrilling next chapter of your career, the truth descends like a fog: you don't really know what you're doing. That's exactly how Julie Zhuo felt when she became a rookie manager at the age of 25. She stared at a long list of logistics—from hiring to firing, from meeting to messaging, from planning to pitching—and faced a thousand questions and uncertainties. How was she supposed to spin teamwork into value? How could she be a good steward of her reports' careers? What was the secret to leading with confidence in new and unexpected situations? Now, having managed dozens of teams spanning tens to hundreds of people, Julie knows the most important lesson of all: great managers are made, not born. HCISPP Study Guide Nov 30 2019 The HCISPP certification is a globally-recognized, vendor-neutral exam for healthcare information security and privacy professionals, created and administered by ISC2. The new HCISPP certification, focused on health care information security and privacy, is similar to the CISSP, but has only six domains and is narrowly targeted to the special demands of health care information security. Tim Virtue and Justin Rainey have created the HCISPP Study Guide to walk you through all the material covered in the exam's Common Body of Knowledge. The six domains are covered completely and as concisely as possible with an eye to acing the exam. Each of the six domains has its own chapter that includes material to aid the test-taker in passing the exam, as well as a chapter devoted entirely to test-taking skills, sample exam questions, and everything you need to schedule a test and get certified. Put yourself on the forefront of health care information privacy and security with the HCISPP Study Guide and this valuable certification. Provides the most complete and effective study guide to prepare you for passing the HCISPP exam - contains only what you need to pass the test, and no fluff! Completely aligned with the six Common Body of Knowledge domains on the exam, walking you step by step through understanding each domain and successfully answering the exam questions.
