The Accounting Game Jun 27 2022 "Fantastic Learning Tool...Don't let this book title fool you. It is not an oversimplification of accounting and financial principles. It is, however, a serious and very effective examination of a very small but progressively complex business. There are not many books available on the market that make a complex and dry subject understandable and even fun. This book successfully does just that." - Amazon Reviewer **The Clearest Explanation Ever of the Key Accounting Basics** The world of accounting can be intimidating. Whether you're a manager, business owner or aspiring entrepreneur, you've likely found yourself needing to know basic accounting...but baffled by complicated accounting books. What if learning accounting could be as simple and fun as running a child's lemonade stand? It can. **The Accounting Game** presents financial information in a format so simple and so unlike a common accounting textbook, you may forget you're learning key skills that will help you get ahead! Using the world of a child's lemonade stand to teach the basics of managing your finances, this book makes a dry subject fun and understandable. As you run your stand, you'll begin to understand and apply financial terms and concepts like assets, liabilities, earnings,

inventory and notes payable, plus: --Interactive format gives you hands-on experience --Color-coded charts and worksheets help you remember key terms --Step-by-step process takes you from novice to expert with ease --Fun story format speeds retention of essential concepts --Designed to apply what you learn to the real world The revolutionary approach of The Accounting Game takes the difficult subjects of accounting and business finance and makes them something you can easily learn, understand, remember and use! "The game approach makes the subject matter most understandable. I highly recommend it to anyone frightened by either numbers or accountants." -John Hernandis, Director of Corporate Communications, American Greetings

Management Accounting Jun 15 2021 Management Accounting. Balance Sheet | Profit/Loss Account | Profit Plan | Finance Plan | Budgeted Balance Sheet. "Management Accounting." wants to give a comprehensive overview of the topic accounting/controlling - the Big Picture which shows the central elements of accounting/controlling and their connections. "Management Accounting." deals with the contents of and the connections between balance sheet, profit/loss account, contribution margin costing, results statement, profit plan, finance plan and budgeted balance sheet. In the operating business these elements are often viewed at and analyzed in an isolated way, although they build on a common data basis, and although there is constant interaction between them. In "Management Accounting." the mentioned elements are reflected in an overall way under consideration of the existing connections between them. From the basic concept of presenting a comprehensive overview and concentrating on connections, the title "Management Accounting." has been derived - What should or must people who are managers in an enterprise, know about accounting or understand of accounting? Target groups of "Management Accounting." are students of economic/business courses in the framework of their basic education or in the framework of their introductory courses as well as students doing post-graduate programmes, and also managers in enterprises with practical experience - all of them facing the challenge of having to understand and to apply the linking connections of accounting/controlling in enterprises.
