Cultural Constructions of the Uterus in Pre-modern Societies, Past and Present Jun 12 2021 This volume addresses a set of historical questions that explore the multiple aspects associated with the uterus through the dissection of both learned and popular sources, material evidence, daily practices, iconography, and representation. It transcends Eurocentric models of understanding and representing the female body by bringing into the discussion a number of case studies taken from a larger number of cultural and social historical realities, including the Mediterranean, the Ancient Near East, Pre-Columbian America, East Asia, and Medieval Europe, that are explored from the methodological perspectives offered by a wide range of disciplines and epistemologies. Because of its intimate, indissoluble relation to the experience of being a woman, and because of its hiddenness within the body and darkness; its communication with the outside world and its accessibility through the vagina; its capacity to contain and give shelter; to engender and procreate; to expulse and give birth to both fully formed and truncated, deformed beings; and its potential to go in and out, the womb offers a wealth of possibilities to conceptualise the world.

Religious Diversity in Late Antiquity Feb 08 2021 This volume in the ongoing Late Antique Archaeology series draws on material and textual evidence to explore the diverse religious world of Late Antiquity. Subjects include Jews and Samaritans, orthodoxy and heresy, pilgrimage, stylites, magic, the sacred and the secular.

Red Jan 27 2020 Per l'amica Leslie, Gwendolyn è una ragazza fortunata: quanti possono dire di abitare in un palazzo antico nel cuore di Londra, pieno di saloni, quadri e passaggi segreti? E quanti, fra gli studenti della Saint Lennox High School, possono vantare una famiglia altrettanto speciale, che da una generazione all'altra si tramanda poteri misteriosi? Eppure Gwen non ne è affatto convinta. Da quando, a causa della morte del padre, si è trasferita con la mamma e i fratelli in quella casa, la sua vita le sembra sensibilmente peggiorata. La nonna, Lady Arisa, comanda tutti a bacchetta con piglio da nobildonna e con l'aiuto dell'inquietante maggiordomo Mr Bernhard, e zia Glenda considera lei, Gwen, una ragazzina superficiale e certamente non all'altezza del nome dei Montrose. E poi c'è Charlotte, sua cugina: rossa di capelli, aggraziata, bravissima a scuola e con un sorriso da Monna Lisa. È lei la prescelta, colei che dalla nascita è stata addestrata per il grande giorno in cui compirà il primo salto nel passato. Charlotte si dà un sacco di arie, ma Gwen proprio non la invidia: sa bene che si tratta di una missione pericolosissima non solo per la sua famiglia ma per l'umanità intera, e da cui potrebbe non esserci ritorno. E non importa se Charlotte non viaggerà sola ma sarà accompagnata da un altro prescelto, Gideon de Villiers, occhi verdi e sorriso sprezzante... Gwen non vorrebbe davvero trovarsi al suo posto. Per nulla al mondo...

Radical Marble May 31 2020 Marble is one of the great veins through the architectural tradition and fundamental building block of the Mediterranean world, from the Parthenon of mid-fifth century Athens, which was constructed of pentelic marble, to Justinian's Hagia Sophia in Constantinople and the Renaissance and Baroque basilica of St. Peter's in the Vatican. Scholarship has done much in recent years to reveal the ways and means of marble. The use of colored marbles in Roman imperial architecture has recently been the subject of a major exhibition and the medieval traditions of marble working have been studied in the context of family genealogies and social networks. In addition, architectural historians have revealed the meanings evoked by marble revetted and paved surfaces, from Heavenly Jerusalem to frozen water. The present volume builds upon the body of recent and emerging research - from antiquity to the present day - to embrace a global focus and address the more unusual (or at least unexpected) uses, meanings, and aesthetic appeal of marble. It presents instances where the use of marble has revolutionized architectural practice, suggested new meaning for the built environment, or defined a new aesthetic - moments where this well-known material has been put to radical use.

Engraved Gems and Propaganda in the Roman Republic and under Augustus Dec 06 2020 This book studies small but highly captivating artworks from antiquity - engraved gemstones.
